RE: BURLINGTON STP 2035(15) C/1 ADDENDUM #1

Subject: Special Provision Pages 1,7, and 33 and the Soil Management Plan.

Ladies and Gentlemen:

Please find enclosed the above referenced Special Provision Pages 1,7, and 33 and the revised Soil Management Plan. Please replace Special Provision Pages 1,7, and 33 and the Soil Management Plan in your proposal.

On Special Provision Page 1, Special Provision No. 2 was revised to no longer require approval from the Vermont Department of Environmental Conservation (DEC). Special Provision No. 4 was deleted as DEC approval is no longer required for the soil stockpile location. Special Provision No.5 was revised to change the material pick up location from VTrans District 5 Maintenance Garage in Colchester to the Vermont Railway Inc's Railyard in Burlington.

On Special Provision Page 7, Special Provision No. 16 was revised to delete the Non-Hazardous Contaminated Soil Request Form from the Contract Requirements and the date for the Soil Management Plan was updated to reflect the recent changes.

On Special Provision Page 33, Special Provision No. 2(a) was revised to remove the requirements for the Management of Non-Hazardous Contaminated Soil Request Form.

The Soil Management Plan was revised to clarify "contaminated soil" as specifically "Category 2 or Category 3" soil through out the document. Sections 4.1.1 and 6.1 were updated to remove DEC contract requirements or notice. Section 4.2 was updated to include the clause "In the event that soils of different Categories comingled for any reason, these soils will be managed according to the more stringent classification (ex. comingled Category-1 and Category-3 will be managed as Category-3)."

There is no electronic file to download. By acknowledging the Electronic Bid Submission Certification in the proposal form you are certifying that you have taken into account this Addendum and understand that it has been integrated into the bid proposal package.

Sincerely,

Stacy Andre
