**RFP CHANGE #1**

RE: Request for Proposals – Right Of Way Survey Services

The Request for Proposals (RFP) for the above-mentioned services has been modified to clarify the RFP by addressing the following questions:

1. Is VTrans going to provide the classifications for our cost proposal or should we propose our own classifications?
  - A. **You can use your own classifications.**
  
2. Does the Contractor and Sub-Contractor Information Sheet count towards the page limit?
  - A. **No, it does not count towards the page limit.**

All other requirements as specified in the Request for Proposals shall remain unchanged.
