

Rutland Southern Vermont Regional Airport Committee

August 24th, 2016

Attendance:

Chris Beitzel, Brian Pinsonault, Mike Klopchin, Tracy Adams, Gary Joseph, Tyler Richardson, Paul Carroccio

Minutes:

- Cape Air
 - Cape Air Mixer with the Rutland Chamber of Commerce and Killington Pico Association went very well. 110 people attended.
 - As far as flights and passengers the airline has had a great summer.
- EAA
 - EAA planning a trip to Simsbury, CT on September 18th.
 - Young Eagle Rides September 24th out of Rutland.
 - EAA Pancake breakfast fly-in October 15th, rain date 16th.
- REDC and the Airport Development Sub-committee
 - Working on a scope of work for hangar development
 - Researching the availability of federal funds for a large project.
 - There is a developer interested in building on the west side of the property.
- Airport Updates
 - Taxiway A Project
 - Markowski will begin construction in the spring.
 - Potential impacts to operations are still unknown.
 - Obstruction slope clearances
 - Still waiting to be surveyed.
 - Crack Sealing/painting all surfaces August 24th through September 2nd.
 - Taxiway B runway markings were changed from 9' to 12'.
 - RWY 13 PAPI will be decommissioned
 - ASOS back up and running after a lighting strike took it out for three days.
 - Vegetation control has been completed.
 - SRE permits are being submitted.
 - TSA Camera system will not be a joint project with the State as it was originally planned to be due to contract restrictions.
 - Terminal Parking lot signage has been ordered.
 - Our heating systems have been scheduled for service calls for preventative maintenance.

- Killington World Cup
 - The airport will continue to maintain communication with Killington in regards to the World Cup event.
 - It was suggested that we contact the International Ski Federation (FIS) and make them aware of our facility.
