

## Meet the National Summer Transportation Institute Counselors!

**Kelly Anderson**

*"My name is Kelly Anderson and I currently teach middle school math at Fair Haven High School in Vermont. I received my Bachelor of Science degree for The University of Vermont, and my Master of Education degree from Castleton State College. I love to travel and enjoy visiting new places. I am adventurous and creative. I try to spend as much time outdoors as possible, outside of school I like hiking, fishing, and enjoying the different seasons that Vermont has to offer. I also enjoy spending time with my friends and family. This will be my fifth year as a counselor for NSTI. I really enjoy combining my high school teaching experience with the NSTI summer program. I look forward to meeting you all!"*

**Emmy Charron**

*"My name is Emmy Charron and I am a High School Guidance Counselor at Winooski High School in Vermont. Before working at Winooski I spent six years working as the Assistant Director of Admissions at Castleton State College. Helping students find the right college or career path is my professional passion. Personally, I love spending time with my friends, being outdoors, hiking and just started rock climbing this year. This will be my fourth year as a counselor for NSTI and I'm looking forward to an awesome couple of weeks and meeting you all!"*

**Liam Danaher**

*My name is Liam Danaher and I am a Career Planning Counselor at the Vermont Student Assistance Corporation and I've worked in career and college outreach for the past five years helping students and families plan for life after high school, understanding the various options, and applying and accessing financial aid resources. Helping students and families feel good about the future, and their place in it, is a great passion of mine and one I hope to bring to NSTI this summer. Outside of school and work I love my friends and family, cooking and barbequing, the beach and live music whenever possible. I live in Winooski with my girlfriend and new Dalmatian puppy named Teagan, so fetch is a new hobby of mine as well! This is my second year as a counselor for NSTI and I'm psyched to meet everyone this summer."*

**Chris Magistrale**

*My name is Chris Magistrale and I'm a middle school teacher at Winooski Middle School in Vermont. I love working with kids and watching them mature and grow as people. In my free time, I love to travel around the country and the world. My education is grounded in English literature, history and political science. I love reading books, especially novels, and I think the Arts are under-appreciated in our society. I endeavor to help young people find themselves and their passions, I believe that all kids -- and human beings for that matter -- are capable of learning and developing with exposure to hobbies they find interesting. I enjoy physical activity such as: biking, basketball, football, soccer, writing, listening to music and having coffee with friends. This will be my second year as a counselor for NSTI and I'm very excited to work with a variety of students from around the United States. Happy Summer to you all!*
