

TO: Brian Searles, Secretary of Transportation

FROM: Richard Tetreault, Director of Program Development

DATE: February 27, 2014

SUBJECT: Ryegate CULV(10) Culvert Improvement - Design-Build Project
Technical Proposal Evaluation Results

Richard Tetreault
2/27/14

This memorandum is to advise the results of the Agency's evaluation of the technical proposals for the subject project. The proposals were received from three short-listed design-build teams in response to the Agency's Request for Proposals. No action is required of you at this time.

The design-build teams were:

- Engineers Construction, Inc./DuBois & King, Inc.
- Winterset, Inc./Parsons Brinkerhoff, Inc.
- Kubricky Construction Corporation/AECOM Technical Services, Inc.

The proposals were evaluated on February 26, 2014 by the Technical Evaluation Committee comprised of six highly qualified engineers from Agency divisions of Structures, Environmental, Rail, Construction, Highway Safety and Design, and Operations.

The design-build teams were numerically rated, on a 100 point scale, based upon the content, quality and applicability of their proposals as follows:

	<u>Tech. Proposal Score</u>
Engineers Construction, Inc./DuBois & King, Inc.	81.04
Winterset, Inc./Parsons Brinkerhoff, Inc.	86.09
Kubricky Construction Corporation/AECOM Technical Services, Inc.	83.78

The technical proposal score above will form 40 percent of the overall scores in the selection process. The remaining 60 percent will be based on the price proposals. For the price proposal, the lowest bid receive a score of 60, and the other two bids will receive prorated scores based on the ratio of the lowest bid price and their price.

The price proposals will be opened on March 5, 2014 at which time the determination of one apparent Best Value Team will be made. Following confirmation of bid and RFP requirements a recommendation for Best Value Team will be forwarded to you for approval.
