

Quechee Gorge Bridge Contractor Mobilization and Public Meeting Postponement

Contractor Mobilization

The Vermont Agency of Transportation (Vtrans) has selected a contractor for the Quechee Gorge Bridge Project, NH 020-2(45). Work is expected to begin this month. The contract will be mobilizing to the project site the week of Monday, July 17th. They will be utilizing the northwest parking area.

The contractor is also in the process of creating a traffic control plan. Once this is submitted and approved by Vtrans, US-4 will be reduce to one lane of alternating traffic. The Project Team will keep the public notified as to the timing of this plan and traffic disruption.

Members of the public are encouraged to visit the website frequently as construction activity will increase soon. All updates to construction activity will be posted to the website regularly.

Public Meeting Postponement

Because of the recent rain and flooding, the Project Team is postponing the public meeting that was planned for Thursday, July 13th. The new date, time,

and location for the postponed public meeting will be sent out and updated on the website once it is confirmed.

The purpose of this meeting is to provide information on the short- and long-term construction schedule and general traffic impacts. If you have questions or comments, please reach out to the community engagement consultant, Marcy Miller. Her contact information is below.
