

FOR IMMEDIATE RELEASE

October 28, 2024

**Contact:** **Scott Robertson**, Transportation Alternatives Program Manager  
802-793-2395 [scott.robertson@vermont.gov](mailto:scott.robertson@vermont.gov)

**Ross Gouin**, Municipal Highway & Stormwater Mitigation Program Manager  
802-595-2381 or [ross.gouin@vermont.gov](mailto:ross.gouin@vermont.gov)

**Agency of Transportation Now Accepting Grant Applications for  
2025 Transportation Alternatives Program  
and Municipal Highway and Stormwater Mitigation Program**

This year, more than \$4.3 million in grant funding is available through the Transportation Alternatives Program (TAP) for all eligible activities as described in the Vermont Transportation Alternatives Fall 2024 Application Guide via the link below. Approximately 50% of TAP grant program funds are reserved for pollution mitigation projects related to stormwater and highways, including eligible salt and sand shed projects.

Also, approximately \$1.5 million in grant funding is available through the Municipal Highway and Stormwater Mitigation Program (MHSMP) for eligible stormwater pollution mitigation projects as described in the Municipal Highway and Stormwater Mitigation Program Guide via the link below.

Applications are available online via Survey Monkey by clicking these links:

**TAP:** [Transportation Alternatives Program | Agency of Transportation \(vermont.gov\)](#)

**MHSMP:** [Municipal Highway & Stormwater Mitigation Program | Agency of Transportation \(vermont.gov\)](#)

**Please note that all applications are due by December 31, 2024. Paper applications will not be accepted.**
