**Construction Update**  
**Middlebury Bridge & Rail Project**

---

*The above photo shows the completed stone paver labyrinth in Lazarus Park.*

**DATE:** July 30, 2021

**TRAFFIC IMPACT**

Construction vehicles will be entering and exiting Printer's Alley from Main Street and the Marble Works from Seymour Street. Pedestrians, bicyclists, and drivers should proceed with caution. This applies to the Fifield Farm marshaling yard on Route 30 south of town as well.

**CONSTRUCTION ACTIVITIES**

In Triangle Park, Waters crews formed and poured the concrete pedestal for the fountain, which is anticipated to be reinstalled in August. Kubricky will continue backfilling along Battell drive. Lafayette will install the railing fence on the cap wall on the south end of the project once the crew is finished with the north cap wall.

Waters will install a new sidewalk between the National Bank's Seymour Street branch and The Depot/County Tire. Starting on Monday night, Kubricky will be working on the driveway and curb in the National Bank's drive-in branch on Seymour Street. This work will continue in the evening during the week. The ATM will be accessible by foot but not by car after 5 PM until work is complete.

**OTHER ACTIVITIES**

The Town of Middlebury plans to hold a dedication ceremony for the new park in Printer's Alley as construction winds down in the next few weeks. The park will be dedicated to the Lazarus family, whose department store occupied the site for most of the 20th century. The ceremony will be held on Saturday, August 21 at 12 PM. A community-wide celebration will be held in Downtown Middlebury following the ceremony.

**LOCATION:** Triangle Park, Printer's Alley, and Lazarus Park

**PROJECTED COMPLETION:** August 2021
