

## Construction Update

### Middlebury Bridge & Rail Project

*Crews removing sections of the concrete cap walls along the rail corridor south of Merchants Row.*

**DATE:** June 4, 2021

#### **TRAFFIC IMPACT**

Construction vehicles will be entering and exiting Printer's Alley from Main Street, the Marble Works from Seymour Street, and the Battell Block from Merchants Row. Pedestrians, bicyclists, and drivers should proceed with caution. This applies to the Fifield Farm marshaling yard on Route 30 south of town as well.

#### **CONSTRUCTION ACTIVITIES**

It is anticipated that in 10 weeks construction in downtown Middlebury will be complete!

Next week, Landshapes will start assembling the paver labyrinth in Lazarus Park. Waters will finish the remainder of the sidewalk in Triangle Park.

Removal and replacement of the concrete cap walls south of Merchants Row alongside the Battell building driveway will continue next week. The Battell Driveway will be closed on Tuesday or Wednesday for approximately one month to allow for removal work and the cap wall to be formed and poured. Battell building residents, deliveries, etc. will enter and exit the lower parking lot through the access road along Otter Creek.

**LOCATION:** Triangle Park, Printer's Alley, and Lazarus Park

**PROJECTED COMPLETION:** August 2021
