

Aviation Noise Complaint

Noise from aviation activities can be a concern to communities. VTrans recognizes these concerns and encourages individuals to contact the Federal Aviation Administration to report overly disruptive noise activity. More information regarding the cause of aircraft noise can be found on the [FAA's webpage](#).

The FAA oversees noise complaints through their [Aircraft Noise Complaint Form](#). Please complete this form prior to submitting the VTrans Aviation Noise Complaint Form. It is important to report issues in a timely manner so Aviation Program staff have an opportunity to research the cause.

Personal Information

Full Name: _____

Address: _____

Street/Suite City State Zip Code

Phone Number: _____ Email: _____

Complaint Information

FAA's [Aviation Noise Complaint](#) Form Completed? ☐ Yes ☐ No
