

Rutland Southern Vermont Regional Airport Committee

March 26, 2015

Attendance:

Steve Baker, Christopher Beitzel, Ed Bove, Bob Burke, Mike Klopchin, Tom Donahue, Geege Dubin, Joe Gianacola, Garry Joseph, Chris Reece.

Minutes:

Cape Air

- Arranging a contract between Pen Air and Cape Air to increase enplanements specifically for ski tours.
- If you RUT can get 10,000 enplanements then the FAA gives you \$1,000,000
- Chamber perk: Empty seats on Cape Air could be bought by chamber members and then the chamber could chip in \$30 to cover the seat.

Airport

- RWY 1 extension laid the first blocks yesterday, one week ahead of schedule.
- The construction could last until November and this will affect business at CAS.
- North project complete but will require some seeding in the spring.
- Airport sign has been approved by the state and is awaiting approval from the town
- Aerobatics competition is questionable for this year. Not a lot of communication.
- Water pipe is still frozen at the terminal.
- Joe Gianacola, inquired about developing land on the east side of the airport where the trailer park is located. Chris Beitzel would look into the airports options.
