

SPRINGFIELD AIRPORT COMMISSION

Minutes of the meeting of

October 27, 2016

Hartness State Airport Terminal Building

5 p.m.

ATTENDEES: Peter Andrews, John Graves, Bruce Johnson, Peter MacGillivray, Walter Striedieck, Larry Perry, AOT; Heath Marsden, Jacobs Assoc.; Kathleen Fellows (by phone), Chris Beitzel, AOT, (by phone),

The meeting was called to order at 5 p.m.

On a motion by Bruce and Walter, the minutes of the SWCRPC Transportation Advisory Committee along with minutes by Bruce Johnson without a quorum of the Airport Commission were accepted as will be presented and added when published.

Larry gave the local report with fuel sales since our last meeting with a substantial drop off from the same period last year. YTD is comparable for avgas but Jet A is way off. Mark and Jen Jacobs are moving back into the #1 hangar since the roof is all done and that hangar is fully rented. The Beech Duke has finally gotten a new engine and prop and is now gone. Larry has 11 firm requests for glider hangar space for the winter and possibly two others. He is working to find space in the green hangar, the Graves building and the barn on that property.

Chris touched on the 502 public hearing last week and the report from Jason Owen that it went very well and should be closed by Oct. 30 with no problems. He is still searching for a suitable tow bar for the tractor/ATV. Taxiway signs and placement was discussed and should be in place soon. There was discussion on which is taxiway A and which is B but it appears that the question was resolved. He asked Larry to check with Hathaway Electric about installing a 3 head safety light for the front to light the ramp and building façade.

Peter M. will speak with Jeff Strong about getting directional signs to the airport for Kendrick's Corner and downtown and Chris will cover the cost.

The broom which came from LEB and is in RUT has some maintenance problems and will need to be fixed by Central garage and trucked down here. Timeframe unknown.

Next meeting will be combined for November and December and held December 8<sup>th</sup> here at 5 p.m.

Meeting adjourned at 5:58 p.m. on motion by Walter and John.

Respectfully submitted,  
Peter MacGillivray, Chair
