ADDENDUM #1

RE: Notice of Funding Opportunity (NOFO): **Municipal Temporary Lighting Award Program**

The Notice of Funding Opportunity (NOFO) for the above-mentioned services is clarified by addressing the following questions:

1. Could a couple or maybe three adjacent towns, especially with four or less man crews jointly apply for the light package?
 - A. **One town would need to apply for the grant, but you could share the remaining cost and individually work with VLCT to acquire additional funding toward individual town shares.**
2. Can you please tell me what the match is for Towns?
 - A. **There is no match.**
3. Is the Temporary Lighting Award Program for traffic control devices like temporary signals or is it scene lighting for night work like a flood light?
 - A. **The grant is to help fund temporary traffic control lighting, not flood lights for night work.**

Sincerely,

Tricia Scribner
