## Request for Proposals (RFP): **Steel Fabrication Inspection Services 2024**

The State of Vermont Agency of Transportation (VTrans) intends to retain the services of fabrication inspection firms (Contractor) to provide steel structures fabrication inspection, coatings inspection and testing services for steel structures. Steel structures include rolled beams, plate girders, bearings, expansion joints, bridge rail, pedestrian rail, pedestrian bridges, luminaries, sign supports, and other items as necessary. Personnel (Inspectors) provided by the Contractor will be assigned to Fabrication, Coatings and Non-Destructive Testing (NDT) projects working under the direction of the VTrans Structural Steel Fabrication Engineer herein after referred to as “Supervisor”. This work will be performed at various fabrication shop locations throughout the United States and on-site at projects within the State of Vermont.

**Please be advised that this RFP solicitation contains many revisions to the proposal process as well as changes to the resulting contracts. It is recommended that all sections are reviewed carefully to ensure a clear understanding of the many changes. Any questions or clarifications regarding the new process should be submitted during the question and answer period.**

All work will be accomplished in accordance with the following:

- Scope of Work (SOW) dated April 1, 2024;
- Attachment C: Standard State Provisions for Contracts and Grants dated December 7, 2023
- 2020 General Terms and Conditions for Contracts and Services
- 2018 Federal Terms and Conditions Services (Non-Construction)

all of which are attached hereto, in addition to all applicable local, state and federal regulations.

Prequalification is not required in order to submit a proposal for this RFP.

All questions related to this RFP shall be forwarded to **Caryn Pletzer, AOT Contract Administration, in writing**, by e-mail at [caryn.pletzer@vermont.gov](mailto:caryn.pletzer@vermont.gov). All such questions and requests shall be received **no later than 2:00 p.m. on Tuesday, June 18, 2024**. VTrans will not be bound by any oral communications. All questions or requests for clarification received will be documented and answered after this date. **Communication with other VTrans personnel regarding this RFP is prohibited and may result in the rejection of your proposal.**

**Proposal Assistance:** If a Contractor requires assistance in preparing their proposal, registering with SAM.gov or needs guidance on socioeconomic certifications, the Contractor may contact the Agency of Commerce & Community Development (ACCD), Department of Economic Development (DED), APEX Accelerator. The Vermont APEX Accelerator (formerly The Procurement Technical Assistance Center (PTAC)) specializes in helping small businesses navigate the documentation associated with State and Federal procurement. **There is no cost to the Contractor for assistance provided by APEX Accelerator.** Their website is: <https://accd.vermont.gov/economic-development/programs/ptac>

**Proposers' Conference:** There will **not** be a mandatory or optional pre-bid meeting.

**Addendums(s) / Modifications.** In the event that it becomes necessary to revise, modify, clarify, or otherwise alter this RFP, including VTrans' responses to questions and requests for clarification, such addendum(s)/modification(s) shall be posted to the VTrans Contract Administration website.

**IT IS THE PROPOSER'S RESPONSIBILITY TO OBTAIN ANY RFP MODIFICATIONS ISSUED.**

They will be posted on the VTrans Contract Administration website at:

<https://vtrans.vermont.gov/contract-admin/bids-requests/services>

**Reservation of Rights.** All proposals become the property of VTrans upon submission. The cost of preparing, submitting and presenting a proposal is the sole expense of the Proposer. Unselected proposals shall be securely disposed of at VTrans' discretion. VTrans reserves the right to reject any and all proposals received as a result of this solicitation, to negotiate with any qualified source, to waive any formality and any technicalities or to cancel this RFP in part or in its entirety if it is in the best interest of VTrans. This solicitation of proposals in no way obligates VTrans to award a contract.

**Exceptions to Terms and Conditions.** The proposer must state in the business proposal any exceptions taken to the terms and conditions in this RFP. For each exception the proposer shall identify the term or condition, state the reason for the exception, and provide any other information concerning the exception. Such exceptions, deviations or conditional assumptions may, however, result in rejection of the proposal as unresponsive. Failure to note exceptions when responding to the RFP will be deemed to be acceptance of the State contract terms and conditions. If exceptions are not noted in the response to this RFP but raised during contract negotiations, the State reserves the right to cancel the negotiation if deemed to be in the best interests of the State.

**Multiple Award Anticipated.** VTrans intends to select more than one (1) Contractor to perform these services under a primary contract. Each contract will contain a variety of specific services the Contractor will be awarded. VTrans will enter into contracts, with an initial term of two (2) years with the option of extending for two (2) additional two (2) year periods. (Possible total of 6 years)

**Maximum Amount.** The maximum amount(s) for the contract(s) will be set at a level to permit a Contractor to be awarded all work assignments if they are judged to be the most qualified. Qualification Based Selection will be determined by experience, specialists' availability, required specialized equipment, capacity, creative and technical solution, and past performance. Award of a contract does not guarantee payment of any or all the maximum amount. Payment is based on products or services actually delivered or performed. The maximum amount for this contract does not guarantee that the Contractor will receive any work under the Contract.

**Work Orders (Work Assignments).** VTrans may use several methods for determining and distributing work orders to contracted Contractors including but not limited to requesting technical proposals from more than one Contractor for comparison, requesting a proposal from a single Contractor, or requesting proposals addressing more than one project. Award of Work Orders will be a qualification based selection when the services are design in nature (including inspection) and federal funding is involved and will be a best value selection when the services are 100% state funded, regardless of service type.

All Work Order Requests that contain federal funding other than Federal Highway Association (FHWA) such as Federal Railroad Administration (FRA), Federal Aviation Administration (FAA) or other federal funding may contain special provisions required for that federal funding and/or the particular project. By returning a work order proposal for that project, you are indicating that you understand and will abide by any additional provisions included in the Work Order Request/Authorization.

Contractors who are awarded work orders will report to the assigned VTrans Contract Manager (Supervisor). Work will be performed primarily at project or fabrication sites throughout the United States, as described in the work orders, and some meetings may be held at VTrans headquarters in Barre.

For sub-contractors not named in the proposal, utilization of sub-contractor personnel will require written approval by VTrans prior to the sub-Contractor performing any work under the contract. Please see additional information regarding this process under the sub-contractor section within the Proposal Technical Format and Content.

No work may be performed after the expiration date plus exercised extensions of the applicable Contract. In exceptional circumstances where it might be mutually desired to have work extend beyond the term of a Contract, written authorization will be needed, overseen by VTrans' Contract Administration, and authorized by the Secretary of Transportation, the Agency's Chief Financial Officer, other State Representatives as required and Federal oversight agencies as required. A formal amendment will be required for any such extension.

For sub-contractors not named in the proposal, utilization of sub-contractor personnel will require written approval by VTrans prior to the sub-Contractor performing any work under the contract. Please see additional information regarding this process under the sub-contractor section within the Proposal Technical Format and Content.

No work may be performed after the expiration date plus exercised extensions of the applicable Contract. In exceptional circumstances where it might be mutually desired to have work extend beyond the term of a Contract, written authorization will be needed, overseen by VTrans' Contract Administration, and authorized by the Secretary of Transportation, the Agency's Chief Financial Officer, other State Representatives as required and Federal oversight agencies as required. A formal amendment will be required for any such extension.

**Confidentiality.** All Proposals received will become part of the contract file and will become a matter of public record, and may be disclosed to the public in accordance with the Vermont Public Records Act, 1 V.S.A. § 315 et seq. If the proposal documents include material that is considered by the proposer to be proprietary and confidential under 1 V.S.A. § 315 et seq., the proposer shall submit a cover letter that clearly identifies each page or section of the proposal that it believes is proprietary and confidential. The proposer shall also provide in their cover letter a written explanation *for each marked section* explaining why such material should be considered exempt from public disclosure in the event of a public records request, pursuant to 1 V.S.A. § 317(c), including the prospective harm to the competitive position of the proposer if the identified material were to be released. **Additionally, the proposer must include a redacted copy of its response for portions that are considered proprietary and confidential.** Redactions must be limited so that the reviewer may understand the nature of the information being withheld. It is typically inappropriate to redact entire pages, or to redact the titles/captions of tables and figures. Under no circumstances can the entire response be marked confidential, and the State reserves the right to disqualify responses so marked.

### **Proposal Instructions – General**

The quality of proposals and adherence to solicitation response requirements and/or restrictions are considered reflective of the manner in which the proposer could be expected to conduct business and will be given due consideration throughout the evaluation process.

Failure to provide all required information, or indications that the proposer did not conform to all terms as set forth in the RFP and attachments may make the offer non-responsive and may result in the elimination of the proposer from further consideration for award.

Proposals or unsolicited revisions submitted after the specified due date and time will not be accepted and will be securely disposed of.

## Required Electronic Submittal Information:

Proposals will be received electronically via an FTP site. In order to upload your proposal, you must obtain a user account. This account will be provided when Contract Administration receives your request via e-mail. Please submit your request for a user account by e-mailing the single point of contact listed above. Your subject should state “**FTP Account Proposal Submit Request for Steel Fabrication Inspection Services 2024**”. You will then receive guidance on uploading your proposal and a user account will be provided by separate e-mail(s). Please submit your request as soon as possible and no later than four (4) business days before the RFP due date to ensure there is ample time to set up the user account(s).

When submitting your proposal(s) please use the following naming convention:

ProposalType\_CompanyName\_RFP Title

- **TechnicalProposal\_ABConsulting\_SteelFabricationInspectionServices2024**
- **CostProposal\_ABConsulting\_SteelFabricationInspectionServices2024**
- **FinancialInformation\_ABConsulting\_SteelFabricationInspectionServices2024** This file will be uploaded directly to AOT Audit Section as these documents are considered confidential. You will receive a separate user account through AOT Audit when this document is required, and a user account is requested.

Submit your proposals to the Office of Contract Administration, Agency of Transportation, via the provided FTP site, **prior to 2:00 P.M.**, on **Tuesday, July 2, 2024**.

## Technical Proposal Format and Content

The proposal shall not exceed twenty (20) single sided pages. All pages that count toward the page limit shall be numbered consecutively. The pages shall be formatted as 8½” x 11” sheets. Font shall be size 12.

The twenty (20) pages shall include information as required below:

### Proposal Substantive Content

In tabbed and labeled sections, please provide the following elements:

- Cover Letter**. All proposer’s or their authorized representative shall prepare and sign a cover letter. Submission of the letter shall constitute a representation by the proposer that it is willing and able to perform the services described in the RFP and their proposal response. **This section counts toward the twenty (20) page limit.**
- Technical Capability/Approach**. In this section the proposer must explain the proposer’s understanding of VTrans’ intent, objectives, and how the proposer proposes to achieve those objectives. The proposer must discuss the proposer’s experience, capabilities and plan for providing the described services, including any proposed approach to project management, strategies, tools and safeguards for ensuring performance of all required services, and any additional factors for VTrans’ consideration. **This section counts toward the twenty (20) page limit.**
- Business and Management Structure**. Provide a description of the bidding organization’s size, background, and structure, and a list by name and title of management personnel. Indicate which management personnel will be responsible for the delivery of services under the contract and a description of how the organization’s resources will be applied. This section should provide clear information as to the lines of communication and how the Business ensures Quality Control & Quality Assurance. Include information as to how Local, Regional and National Offices will coordinate to provide successful services. **This section counts toward the twenty (20) page limit.**

**D. Organizational Chart.** Provide a one-page organizational chart of the Proposer's team that notes the name and title of key individuals that are proposed to manage or perform tasks. This chart shall clearly indicate the lines of communication for problem resolution. The use of an 11x17 page is permitted, however ensure that the document has been scanned or saved appropriately so all information is included. You may utilize a separate text box to contain the phone number and e-mail of each person listed on the chart, but the text box must be located on the same page as the organizational chart. In the case of international or national firms, please provide an organizational chart of the local office that will be responsible for the delivery of services under the contract. **This section DOES NOT count toward the twenty (20) page limit.**

**E. Key Personnel.** Key Personnel is considered the Management Staff, Technical Support Staff, Subject Matter Experts and a range of ten to twenty (10-20) inspectors that are anticipated to provide services under the contract. Identify the name and title of all key personnel as defined above. Indicate any certifications or special licensing the individual holds that is pertinent. Include up to a two-page resume for each individual. Included behind each resume must be an affidavit certifying the inspector's qualifications as outlined in Section III – Consultant Personnel Qualifications of the Scope of Work. **This section DOES NOT count toward the twenty (20) page limit.**

**NOTE:** The key personnel identified in the proposal are considered by VTrans to be essential to the work being performed under the contract. Prior to diverting any of the specified individuals into other programs, the Contractor shall notify VTrans in advance and shall submit justification (including proposed substitutions) in sufficient detail to permit evaluation of the impact on the program. No diversion shall be made without VTrans' written consent.

**F. Subcontracts.**

A. Identify **all** subcontracts proposed, and provide the following information:

- (1) Company name of each sub-contractor, or individual name in the case of independent Contractors
- (2) Names of each sub-contractor principals and/or corporate officers
- (3) Resumes of each sub-contractor's key personnel who will be assigned to provide professional services under the contract, including certifications or special licensing for each; and
- (4) The types of work to be performed by each sub-contractor

**This section DOES NOT count toward the twenty (20) page limit.**

**NOTE:** Fully executed sub-agreements must be in place for each sub-contractor prior to the sub-contractor performing any work under this contract. Any changes to or the addition of new sub-contractors are subject to the same notification and approval procedures applicable to key personnel described above. Contractor must request changes or additions in writing to the Contract Manager. The request shall include justification for the change or addition, all required items such as resumes of the sub-contractor, a description of their services, any certifications or special licensing the individual holds that is pertinent. All sub-contractors that the proposer anticipates utilizing under the contract should be included with the initial proposal. Changes to sub-contractors and the addition of new sub-contractors should be the exception and be on a limited basis.

**G. Past Performance.** Provide at least two (2) projects for each type of inspection work (fabrication, coating and testing – MT or UT or RT) that detail past performance. The projects must be completed in the past three (3) years or currently in process which are of similar size, scope, complexity and contract type or otherwise relevant to the work described in this RFP.

Proposer shall use the provided Past Performance and Reference Form.

The contact person must be able to speak knowledgeably about the proposer's performance in both technical and business aspects. The contacts provided may be directly communicated with at VTrans discretion.

The technical proposal shall not include any quoted or summarized comments or recommendations from any in-state or out-of-state evaluations, records or reports of any kind.

VTrans reserves the right to discuss the Proposer's past performance with any VTrans employee who has had experience with the Proposer.

**This section counts toward the twenty (20) page limit.**

**Required Certifications/Documents** *Sections 1-6 DOES NOT count toward the twenty (20) page limit.  
Section 7 counts toward the twenty (20) page limit.*

1. **Completed Certification of Contractor / Consultant** – fillable PDF provided
2. **Completed Certification Regarding Lobbying** – fillable PDF provided. If there is no lobbying activities, please indicate N/A on the second page and complete the firm information in section 11.
3. **Debarment and Non-Collusion Affidavit** – Form CA-91: All proposers will be required to execute a sworn statement, certifying that the proposer has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with such contract.
4. **Contractor's EEO Certification** - Form CA-109: The certification is required by the Equal Employment Opportunity regulations of the Secretary of Labor (41 CFR 60-1.7(b) (1)), and must be submitted by Contractors and proposed sub-contractors only in connection with contracts and subcontracts which are subject to the equal opportunity clause.
5. **Worker Classification Compliance Requirements (Self Reporting and Sub-Contractor Reporting)** – The form must be completed in its entirety and submitted as part of the response for the proposal to be considered valid.
6. **Contractor and Sub-Contractor Information Form** – The form must be completed in its entirety and submitted as part of the response for the proposal to be considered valid.
7. **Past Performance and Reference Forms** – fillable PDF provided

## **Proposer's Cost Proposal**

Submit one (1) separate and labeled (as noted above) PDF file, containing:

The Cost Proposal Form attached to this RFP as Attachment S.

## **Price/Cost**

Any resulting contract will be based on the approved Cost Proposal. Actual price/cost for each project assigned under this primary contract will be determined at the work assignment level based on the approved Cost Proposal contained within the contract. For the purposes of determining the rates to be included in the Primary Contract, bidders must provide hourly rates per classification, for providing the necessary services as specified in the attached SOW. If there are multiple individuals in a classification, please calculate one rate per classification. The rates submitted shall be fully burdened rates. There will be two separate hourly rates completed on the Cost Proposal. Local inspectors who do not require hotels/overnight stay will have one rate and the second rate will be for non-local inspectors that do require overnight stays. The local rate will include all expenses for that inspector. The non-local rate will include all expenses except for mileage and travel time. For mileage and/or travel time that is reimbursable for non-local inspectors, those expenses must be prorated if applicable. (please see prorating guidance in Attachment B – Payment Provisions). If you have questions regarding this, please submit during the Question and Answer period. The classifications should be consistent with the information provided in your technical proposal. For sub-Contractors named in the proposal, include classification rates for all sub-Contractor personnel, for review and reasonableness. All sub-Contractors will be billed at cost.

The submitted rates in this proposal will be binding on the bidder for work at the work assignment level. The rates submitted and included in the Primary Contract will be in effect for the initial term of the Primary Contract, which is two (2) years. Rates can be revised during the amendment process for each of the two (2) optional two (2) year extensions. The revised rates will be in effect for the following 2 optional extension years.

VTrans will use the submitted rates to evaluate cost reasonableness and realism in the award of the Primary Contract after the qualifications-based selection of the contractor(s) for Primary Contracts is completed.

## **Contractor Financial Information**

Submit one (1) separate, labeled PDF file, containing:

### **A. Break Down of Rates**

1. Provide the current direct hourly rates for the key individuals (inspectors) who may be utilized and invoiced under this agreement grouped by classification/inspector titles. The list of individuals should be consistent with the information provided in your technical proposal. Key personnel for Management and Technical Staff that will not be billable do not need to be included in this breakdown.
2. Please provide a breakdown of all rates by classification/inspector type including; direct rate, overhead rate, profit and grand total for those inspector types identified in the cost proposal. **Please note that direct expenses are not allowed as part of this calculation.** Direct expenses will be billed at cost with sufficient documentation as back up to support the charge. Each different hourly rate identified within the cost proposal must be broken down as indicated. If there is a single rate for all CWI or NACE II, you do not need to provide a different breakdown for each inspector or location. You will only need to provide a breakdown for the one rate. If there are different rates by location, then a breakdown of each different rate must be provided.

Example:

| Location                             | Inspector Type | Direct Labor Hourly Rate | Accepted Overhead Rate (75%) | Profit (10% Cap) | Built In Travel Expenses | Total          | Overtime Premium (1/2 direct rate) | Overtime Total |
|--------------------------------------|----------------|--------------------------|------------------------------|------------------|--------------------------|----------------|------------------------------------|----------------|
| Advantage Steel, PA – LOCAL RATE     | CWI            | \$25.00                  | \$18.75                      | \$4.38           | \$2.00                   | <b>\$50.13</b> | \$12.50                            | <b>\$62.63</b> |
| Advantage Steel, PA – NON-LOCAL RATE | CWI            | \$25.00                  | \$18.75                      | \$4.38           | \$15.00                  | <b>\$63.13</b> | \$12.50                            | <b>\$75.63</b> |
| Canam Bridges, NH – LOCAL RATE       | NACE II        | \$25.00                  | \$18.75                      | \$4.38           | \$2.00                   | <b>\$50.13</b> | \$12.50                            | <b>\$62.63</b> |
| Canam Bridges, NH – NON-LOCAL RATE   | NACE II        | \$25.00                  | \$18.75                      | \$4.38           | \$15.00                  | <b>\$63.13</b> | \$12.50                            | <b>\$75.63</b> |
|                                      |                |                          |                              |                  |                          |                |                                    |                |

*This is only an example. Please use this format and your accepted indirect rate to present your information.*

3. VTrans considers profit as a negotiable item and caps the profit at 10%. Please notify all sub-Contractor(s) of the 10% cap.
4. **If there are multiple individuals in a class of labor, please calculate one rate per classification. Include an explanation and justification for the calculation method utilized in calculating that rate.**
5. The total (fully burdened) rate provided in this section shall match the total (fully burdened) rate per class of labor as submitted in the Cost Proposal.
6. Overtime Premium is for direct labor rates only. There is no mark up on overhead rate or profit as these items do not incur additional costs. The Overtime premium is for the ½ increase in the direct labor rate. If an employee is not paid an increase rate for overtime hours, then the overtime premium would not be applicable.

## **B. Financial Documentation**

- 1) A completed Form AASHTO Internal Control Questionnaire (ICQ) for Consulting Engineers (for the prime Contractor), along with required financial statements and indirect cost schedules. The current AASHTO ICQ form can be found on the VTran’s Audit page at <https://vtrans.vermont.gov/finance-admin/audit>
- 2) The financial information for the Proposer shall be for the most recently completed fiscal year.

If the Proposer has a completed AASHTO ICQ and current financials are on file already with the VTrans Audit Section, the Proposer does not need to resubmit for this RFP. Any Proposer wishing to verify their financial information should contact the VTrans Audit Section.

In accordance with 23 USC § 172 information supplied in compliance with the above financial requirements will be considered confidential.

## Evaluation of Proposals

VTrans will award a contract in the best interest of the State. The selection will be a qualifications-based selection.

The selection panel is comprised of VTrans employees from varying Departments and Bureaus and in some cases external Stakeholders. The panel members may or may not be familiar with your company. With that in mind, it is important to provide detailed information regarding the evaluation criteria listed below.

The selection panel will evaluate proposals based upon the following factors and related sub-factors, which are of equal weight, unless noted otherwise.

### **1. Technical Capability/Approach (This section will be evaluated and rated at twice (2x) the weight of the other sections)**

The proposal clearly indicates how the proposer will deliver timely, high-quality, compliant and cost-effective services to meet VTrans' needs. Specifically, the proposal demonstrates:

- Experience and ability with the various types of inspection services that are outlined in the SOW that may be requested by VTrans.
- Ability to provide Inspection Services in a short time frame at locations all across the United States.
- The depth of current knowledge of VTrans organizational structure, procedures, standards and specifications.

### **2. Business and Management Structure**

- The proposal clearly demonstrates a sound organizational structure and management approach which indicate positive business ethics, clear lines of communication between the proposer's team and VTrans. Describe the focus on quality assurance and partnering.
- The proposal clearly demonstrates that the proposer has the resources and managerial capability to provide the required services.
- The proposal shall include information regarding logistics between the Contractor and VTrans and the anticipated lines of communication.

### **3. Key Personnel (This section will be evaluated and rated at twice (2x) the weight of the other sections)**

- Proposer's proposed key personnel for inspection, technical support and oversight of personnel are sufficient in number, experience, and skill level, to provide high-quality professional services.
- Demonstrates commitment of key personnel to tasks/assignments.
- Key personnel meet the certification requirements of the inspection service they will be providing.

**4. Past Performance (This section will be evaluated and rated at thrice (3x) the weight of the other sections)**

- The past performance evaluation will examine how the proposer’s past and present performance indicates the likelihood of successful completion of work under this contract. In conducting the past performance assessment VTrans may use data obtained by references provided and any other source.
- Examples shall include specific experience and performance with Inspection, Quality Assurance and Quality Control for fabricated elements for highway structure projects as outlined in the scope of work.

**Evaluation Method**

Ratings will focus on the strengths and weaknesses as demonstrated by the proposer’s proposal. Assigned ratings represent the consensus developed by the selection committee. Each criterion described above will be scored according to the following chart.

**The maximum possible evaluation score is 8+4+8+12=32**

| Single Max Weight | Twice Max Weight | Thrice Max Weight | Overall Rating      | Description   |
|-------------------|------------------|-------------------|---------------------|---|
| 4                 | 8                | 12                | <b>Exceptional</b>  | Indicates a proposal containing significant strengths with few to no weaknesses       |
| 3                 | 6                | 9                 | <b>Very Good</b>    | Indicates a proposal containing a number of strengths but also some weaknesses        |
| 2                 | 4                | 6                 | <b>Acceptable</b>   | Indicates a proposal containing some strengths but also some significant weaknesses   |
| 1                 | 2                | 3                 | <b>Unacceptable</b> | Indicates a proposal that contains significant weaknesses that outweigh any strengths |

The Contractor awarded a contract shall, upon notification of award, apply for registration with the Vermont Secretary of State's Office to do business in the State of Vermont, if not already so registered. The registration form may be obtained from the Vermont Secretary of State, 128 State Street, Montpelier VT 05609-1101. The telephone number is 800-439-8683. Registration can be completed online at [www.vtsosonline.com/online](http://www.vtsosonline.com/online) . VTrans will not process the contract until the Contractor is registered with the Secretary of State’s office.

The Contractor shall submit to VTrans a certificate of insurance showing that minimum coverages are in effect. The certificate must be submitted to the office of Contract Administration prior to execution of the agreement. ***No work may be performed for any VTrans contract and/or Notice to Proceed, including mobilization, without compliant insurance being on file at AOT Contract Administration.*** It is the responsibility of the Contractor to maintain current certificates of insurance on file with the State through the term of the contract.

**Worker’s Compensation:** With respect to all operations performed, the Contractor shall carry worker’s compensation insurance in accordance with the laws of the State of Vermont.

***NOTE: In the case of out-of-state Proposers, the proposer’s workers’ compensation insurance carrier must be licensed to write workers’ compensation for all work that will be conducted within Vermont and so noted on the Certificate of Insurance.***

The Contractor shall sign the contract documents and return them to the Agency's Office of Contract Administration within fifteen (15) calendar days from the date of receipt. No contract shall be considered effective until it has been fully signed by all of the parties.

It is a condition of proposing under this RFP that, by submitting a proposal, the proposer accepts and agrees unconditionally that if the proposer in any way contacts, or attempts to contact, a member of the selection panel involved in the selection process for this RFP, either during or following the RFP process, with the aim of communicating about the selection process or outcome, then that proposer will be completely barred from receiving or performing such work of the type covered under the RFP for a period of 365 days from the date of that proposer's attempted contact with the selection panel member. The only valid point of contact for questions about the process or outcome is from Contract Administration and is specifically listed on the first page of the RFP.

After notification of award, proposers may request a debriefing. The debriefing will review the requesting proposers scores as well as strengths and weaknesses identified by the selection committee during their review. The debriefing process is a courtesy to the proposer and is not intended to provide information akin to that provided in discovery procedures applicable in civil litigation or to replace processes for requesting documents under the Vermont Public Records Act. Debriefing requests must be submitted in writing via e-mail to the sole point of contact within fourteen (14) calendar days of notification of award results. Please include the names and e-mail addresses of all employees of the proposer who wish to attend the debriefing.

**State of Vermont  
Agency of Transportation**

**ATTACHMENT A  
SCOPE OF WORK**

**Steel Fabrication Inspection Services 2024**

**Prepared by:  
Vermont Agency of Transportation  
Project Delivery Bureau  
Structures Section**

**Dated: April 1, 2024**

## **I. Purpose of Agreement:**

The State of Vermont Agency of Transportation (VTrans) intends to retain the services of Fabrication inspection firms (Contractor) to provide steel structures fabrication inspection, coatings inspection, and testing services for steel structures. Steel structures include rolled beams, plate girders, bearings, expansion joints, bridge rail, pedestrian rail, pedestrian bridges, luminaries, sign supports, and other items as necessary. Personnel (Inspectors) provided by the Contractor will be assigned to Fabrication, Coatings and Non-Destructive Testing (NDT) projects working under the direction of the VTrans Structural Steel Fabrication Engineer herein after referred to as "Supervisor". This work will be performed at various fabrication shop locations throughout the United States and on-site at projects within the State of Vermont.

## **II. General Service Requirements:**

It is the intent of this contract to provide Quality Assurance Inspection of fabrication and coatings work to ensure full compliance with contract plans and specifications for VTrans Construction projects (Project). These Construction projects are under separate contracts between VTrans and a Contractor. The Inspector is a representative of VTrans and shall perform all of the duties assigned and delegated by subsections 105.02, 105.03, of the State of Vermont Agency of Transportation Standard Specifications for Construction (Spec Book) as they pertain to work within the scope of this Contract.

The work to be performed by the Contractors in accomplishing the fabrication and coatings inspection shall include the examination, evaluation, and approval/rejection of materials, processes, workmanship, reports and test results. The work shall also include the performance of tests specified and any other work specified herein, noted on the Project plans, Shop Drawings, or as directed by the Supervisor.

## **DEFINITION OF TERMS**

1. **Definitions:** Wherever the following terms are used herein, the meaning and intent shall be as follows:
  - a. **AASHTO** - American Association of State Highway and Transportation Officials.
  - b. **AMPP** – Association for Materials Protection and Performance
  - c. **AWS** – American Welding Society.
  - d. **Agreement** - The written agreement between VTrans and the Contractor setting forth the obligations of the parties there under, for the performance of the prescribed work.
  - e. **Contractor** - The individual, partnership, firm, corporation, or any acceptable combination thereof or joint venture, which is a party to the Agreement with VTrans, undertaking the execution of the work under the terms of the Agreement and acting directly or through its agents or employees.
  - f. **Contractor Inspector/Technician** - The individual employed by the Inspection Firm who, acting as the representative of the Agency, is assigned the inspection and/or testing tasks identified in this Contractor agreement, i.e., Field Inspector and Fabrication Inspector.

- g. Contractor Project Manager – Contractor’s primary point of contact for inspection related activities.
  - h. Engineer - The Director of Highway Division at VTrans, acting directly or through the Director’s duly authorized representatives, who are responsible for engineering supervision of the construction.
  - i. Fabricator - An appropriately certified individual, partnership, firm, corporation, or any acceptable combination thereof, acting as an agent of the Contractor for manufacturing or assembling components that will become part of a finished structure or part of the work.
  - j. General Special Provisions – Revisions to the Spec Book
  - k. Inspection – Observing, recording and evaluating the processes, methods and techniques employed at the fabricator shop or on the project. In addition, performing, recording and evaluating all applicable materials tests at these locations.
  - l. Inspection Firm – The Company hired to provide inspection and testing services in accordance with this scope of work.
  - m. NACE – National Association of Corrosion Engineers.
  - n. NETTCP - New England Transportation Technician Certification Program.
  - o. Spec Book - See STANDARD SPECIFICATIONS FOR CONSTRUCTION.
  - p. STANDARD SPECIFICATIONS FOR CONSTRUCTION - The applicable revision of the book entitled *VTrans Standard Specifications for Construction*, as approved for general application and repetitive use.
  - q. Supervisor - VTrans Structural Steel Fabrication Engineer
  - r. VTrans – Vermont Agency of Transportation.
2. Refer to the applicable VTrans Standard Specifications for Construction for additional pertinent definitions and abbreviations.
  3. Specific Spec Book section numbers referenced in this SOW are in accordance with the 2018 Spec Book and may or may not maintain the same number in other editions.

### **III. Contractor Personnel Qualifications for Steel Structures:**

The Contractor shall provide qualified Inspectors in accordance with this document or requests of the Supervisor. The Contractor shall furnish to VTrans an affidavit certifying that the Inspector(s) meet the requirements of this contract and that they are qualified to perform the work specified. The affidavit shall be signed by the Inspector and a Principal of the Contractor firm, and include the following information:

1. Name of the Inspector.
2. When CWI is required: AWS - QC1 Certified Welding Inspector (CWI) certification number, years CWI certified plus expiration date of current certification.

3. Education and experience.
4. Detailed history of work experience including both past and/or present experience with the Contractor.
5. When an NDT certified Inspector is required, furnish history and terms of NDT certification (minimum Level II). Certification must meet American Society for Nondestructive Testing SNT-TC-1A requirements. Include with the Inspector affidavit, the Contractor Firm's written practice for control and administration of NDT personnel training, examination, and certification.
6. When a certified coatings Inspector is required, furnish history and terms of NACE or AMPP certification. Certification must meet Level II requirements (minimum).

It is the intent of VTrans to have all fabrication inspection work done by a CWI. It is the intent of VTrans to have all coatings inspection work done by a NACE/AMPP Level II (minimum) Inspector.

The Affidavit must be approved by the Supervisor prior to that Inspector performing any assignment. The Supervisor shall have the authority to verify the qualifications of Contractor Inspectors and may exercise the rights granted in the General Terms and Conditions for Contracts for Services, Section L. Contractor Personnel, up to and including the removal of unqualified personnel.

#### **IV. Specific Work Requirements**

Inspectors provided by the Contractor will be required to perform a variety of inspection related duties. The Inspectors responsibilities include, but are not limited to, the following:

- A. The Inspector must ensure that all materials, dimensions, and requirements imposed by the Project plans, approved fabrication drawings, and Project contract provisions are strictly adhered to. No deviation from the Project contract requirements will be allowed unless authorized in writing by the Supervisor. The Inspector shall acquire all the required certifications and paperwork, and ensure the materials meet the requirements of the Project Documents. The samples to be tested at the Central Laboratory, shall be shipped to the Supervisor, so that testing of the samples may be done as soon as possible. The method of shipping shall be acceptable to the Supervisor.
- B. Conflicts or discrepancies found on the Project plans, fabrication drawings, specifications or special provisions shall be brought to the attention of the Supervisor before proceeding with fabrication. When possible, difficulties encountered during fabrication shall be resolved through the fabricator's representative in charge of quality control. The Inspector shall record the difficulty encountered and how it was resolved. Unresolved difficulties shall be arbitrated through the Supervisor.
- C. The Inspector shall witness and evaluate Non-Destructive and destructive tests performed for quality control and accept or reject the work under the authority vested in him/her in Section 105.02 of the Spec Book.

- D. The assigned Inspector (s) may be required to attend a prefabrication conference at the fabricator's plant. If a prefabrication conference is held, it will, as near as practical, be scheduled two weeks prior to commencement of any fabrication.
- E. The Inspectors shall cooperate with VTrans and/or the Federal Highway Administration with respect to providing any necessary on-site conferences or inspections pertaining to the work.
- F. The Inspectors shall submit a weekly report using a narrative format covering each day's progress while fabrication work is underway and whenever inspection work is performed. The report will record what procedures were inspected, identify any defects or problems observed and report corrective measures that were taken. The report shall identify the fabricator's designation or mark for each member inspected. The report shall include a record of the number of hours each Inspector worked. Reports shall be typed and when applicable include photos, sketches or other details. Each weekly report shall be signed and dated by the Inspector as well as reviewed and signed by appropriately qualified Contractor staff prior to being submitted to the Supervisor. These signatures shall be verifiable authenticated digital signatures with date of signature.

The Inspector shall furnish to the Supervisor one copy of the list of qualified welders and welding operators who are employed on the project. The list shall indicate the basis of qualification of each individual welder or welding operator and shall be included with the first inspection report.

The Inspector shall notify the Supervisor in writing upon the completion of all work specified. The Inspector shall be satisfied that all mill orders, radiographs, procedures, mill test reports, or other reports specified have been received from the fabricator and forwarded to VTrans and that all required inspections have been made in accordance with Project specifications. The Inspector shall, by use of an Inspectors Stamp or tag, certify that all fabrication was carried out in conformance with the Project requirements and that such work has been satisfactorily completed.

- H. The work to be performed under this inspection services agreement shall include the examination of materials, processes, workmanship, reports and test results; the performance of specified tests; the evaluation of reports and tests; the approval, disapproval or rejection of materials, processes, workmanship, reports and test results; or other work specified herein, by notes on the plans, or as directed by the Supervisor.

It is the intent of this inspection services agreement to provide Quality Assurance inspection of work performed by a Fabricator or Producer that will ensure full compliance with the requirements of the project construction contract between the VTrans and the Contractor that is furnishing manufactured, assembled, or constructed materials.

- I. The NACE or AMPP Level II Inspector shall have the experience necessary to oversee all aspects of coatings applications and surface preparation. This Inspector shall have the ability to make on-site decisions involving coatings applications. This Inspector must be familiar with the project special provisions, as well as any applicable sections in the Spec Book.

## **V. Equipment, Tools and Reference Materials:**

- A. The Contractor shall provide their Inspector (s) with the following material:
1. A laptop computer capable of performing all job duties and a printer/scanner.
  2. A camera phone capable of taking/sending quality digital photos.
  3. Access to all applicable key documents (electronic or hard copies) such as:
    - State of Vermont Agency of Transportation Standard Specifications for Construction and latest revisions.
    - AASHTO/AWS Bridge Welding Code D1.5 (latest edition) or other applicable AWS codes
    - ASNT Recommended Practice No. SNT-TC-1A
      - Supplement A – Radiographic Testing Method
      - Supplement B – Magnetic Particle Method
      - Supplement C – Ultrasonic Testing Method
      - Supplement D – Liquid Penetrant Testing Method
  4. Visual standards for surface preparation of painted steel structures (when applicable).
- B. In accordance with section 506.03(d)(3)(e) of the Spec Book, the Fabricator is required to have the following equipment available for the Inspectors use: weld gauges, micrometer, dry and wet film paint gauges, 10 foot steel tape, 100 foot steel tape, 6 foot straight edge, temperature and marking crayons, atmospheric thermometer, 2 foot level and 2 foot carpenters square.
- The Inspector may make use of the above tools or supply their own. The Inspector is responsible for verifying that all gauges and equipment used are properly calibrated and in proper working order.
- C. The Contractor is required to ensure the Inspectors are properly furnished with the appropriate personal safety equipment.
- D. Prior to the start of fabrication, the Inspector shall obtain a set of stamped approved (or approved as noted) Fabrication Drawings and all applicable approved procedures from the Fabricator.

## **VI. Control of Materials:**

All materials used in fabricated products, or otherwise incorporated into the work at the fabrication site(s) stated in this SOW, shall be accepted by the Inspector. No assemblies or members shall be accepted prior to approval of the various components.

All design details, workmanship, procedures and inspection of welding shall conform to the requirements of ANSI/AASHTO/AWS D1.5 Bridge Welding Code. In this SOW the welding standards will be referred to hereafter as AASHTO/AWS, AASHTO/AWS meaning AWS, ANSI/AWS or

ANSI/AASHTO/AWS as appropriate. For miscellaneous welding which is not covered in AASHTO/AWS D1.5, one of the following publications shall be adhered to:

- AASHTO/AWS D1.1 Structural Welding Code – Steel
- AASHTO/AWS D1.2 Structural Welding Code – Aluminum
- AASHTO/AWS D1.3 Structural Welding Code – Sheet Steel
- AASHTO/AWS D1.4 Structural Welding Code – Reinforcing Steel

Members or components of members designated in the contract as requiring Charpy V-Notch (CVN) testing or members subject to a tensile stress as specified in subsection 714.01 of the Spec Book shall identify the member as a main member and will therefore be subject to the requirements of AASHTO/AWS D1.5, Section 6.7, Nondestructive Testing.

The Inspector shall perform the following sampling, testing, evaluation and reporting:

- A. Procedures and Processes. The Inspector shall check each welding procedure, machine or finish operation, fit up or shop assembly, physical test, radiography, magnetic particle inspection, cambering or any other operation performed by the fabricator for compliance with Project requirements. Reports pertaining to same shall be furnished when as specified herein or requested by the Engineer.
- B. Mill Test Reports. The Inspector shall check all materials against the mill test reports furnished by the Fabricator. The Inspector shall assure that the material is as represented on the report and conforms to Project requirements. No material from mill stock shall be accepted without traceable identifications and acceptable test reports.
- C. Magnetic Particle Inspection. The Inspector shall witness the inspection of welds by the Magnetic Particle technique, as well as examine and interpret the magnetic particle patterns to determine the weld quality. When required by the Supervisor to perform Magnetic Particle Inspection, the Inspector shall also approve the member or specify the areas to be repaired. The Inspector shall furnish one copy of their report to the Supervisor indicating the location of inspections and the results thereof.
- D. Radiographs. The Inspector shall witness the inspection of all welds inspected by radiography, examine and interpret the films to determine weld quality, and approve or reject the member or specify the areas to be repaired. . Examinations and approval of films shall be done by the Inspector immediately after development of the film. Evaluation and approval of the film shall take place at the site of fabrication. In addition to completing the standard examination report information on Form III-5 (AWS D1.5) the following information shall be reported for each radiograph:
  - Image Quality Indicators (IQI) Type and Size.
  - Shim thickness under penetrameter (if any).
  - Sensitivity of Radiograph.
- E. Certificate of Conformance for Welding Electrode. The Inspector shall check the certification of conformance provided by the electrode manufacturer and assure that their properties conform to the Contract requirements. The certification of conformance evaluation shall include a review of “Buy America” provisions for the welding electrodes. The Inspector shall report recommendations regarding acceptance of these certificates to the Supervisor.

- F. Welded Procedure Evaluation. The Inspector shall witness any procedure qualifications performed by the Fabricator in accordance with applicable AWS codes AWS D1.5. The Inspector shall report recommendations regarding acceptance or rejection of these procedure qualifications to the Supervisor.
- G. Shear Connectors. The Inspector shall check shear connectors applied in the shop and accept or reject the material specified in AWS D1.5 and section 508 of the Spec Book.
- H. Sampling & Testing. The Inspector shall perform or witness any additional sampling and testing requested by the Supervisor, and provide reports of same during the progress of the work.

## **VII. Inspection Locations:**

Steel Fabrication Inspection work under this contract may take place at any of the locations shown on the Cost Proposal PDF. Additional facilities may be added to the above lists as the need arises.

## **IX: Reference Documents:**

Contractor may find the following reference documents helpful. The provided links are current as of the date of release of this SOW.

### **Quality Assurance Program:**

### **Materials Sampling Manual**

<https://vtrans.vermont.gov/2018-specifications>

### **VTrans Field Welding Manual**

<http://vtrans.vermont.gov/docs#Field%20Welding%20Manual>

## **ATTACHMENT B PAYMENT PROVISIONS**

The maximum dollar amount payable under this contract is not intended as any form of a guaranteed amount. The Contractor will be paid for products or services actually delivered or performed, as specified in Attachment A, up to the maximum allowable amount specified on page 1 of the contract. Award of a contract does not guarantee payment of any or all the maximum amount.

**All Services shall be invoiced according to the payment provisions listed below:**

### **HOURLY CLASSIFICATION RATES:**

There will be two (2) hourly rate schedules; one for local inspectors and one for non-local inspectors. Local inspector rates would be used when there is no hotel needed and non-local rates would be when there is a hotel/overnight stay needed/approved. If rates are different based on Inspector type, additional rate schedules will be needed. The rates submitted shall be fully burdened rates, which include direct labor, overhead rate, expenses (except travel time and mileage for non-local inspectors only, as detailed below), and profit.

The VTrans Contract Manager (also referred to as the Supervisor in Attachment A – Scope of Work) will determine if an overnight/out of town stay is required when requested by the Contractor. In most cases, if travel is greater than seventy five (75) miles each way or greater than ninety (90) minutes each way, an overnight stay is warranted when requested. The VTrans Contract Manager will provide authorization in writing for a requested and approved overnight/out of town stay.

Hourly rates only apply to hours worked at the assigned inspection location except as follows:

Travel time to and from the assignment for non-local inspectors only will be compensated at the same appropriate hourly rate as 1 hour per 50 miles, Portions of 50 miles will be rounded up to the nearest 0.5 hours.

Examples: a) 45 miles = 1.0 hours

b) 60 miles = 1.5 hours

Compensation for travel time for non-local inspectors only is permitted when mileage has been approved in advance by the VTrans Contract Manager. Travel time for local inspectors is compensated in the hourly rate schedule and is not reimbursed separately.

Mileage for non-local inspectors only is also reimbursable, when it has been approved in advance by the VTrans Contract manager. Local inspectors will have mileage expense as part of the hourly rate.

In the cases where the VTrans Contract Manager requests the inspector to travel from one VTrans site to another VTrans site during the course of a normal shift all actual travel time will be considered reimbursable.

Prorating mileage and travel time expenses for non-local inspectors:

- It is anticipated that these expenses are associated with a given week of work. (Travel in on Sunday/Monday, home on Friday. Or travel in on any day for longer term assignment).

- Those expenses must be split between all projects worked on that given week. Example:
  - Expenses are \$500. The inspector worked only for VTrans and worked on 3 VTrans jobs. Expenses would be \$500/3 for each job. (even distribution is ok regardless of hours).
  - Expenses are \$500. The Inspector worked on 2 Maine jobs and 2 VTrans jobs. The 2 VTrans jobs each get charged ¼ of the \$500.
  - If the Consultant/Contractor prefers to prorate between States based on hours worked and then divide up VTrans projects either by hours worked or evenly per project as detailed above, that is also acceptable.
  - The intent of prorating is that all charges need to be assigned to projects. It is anticipated that the VTrans Contract Manger will work directly with the Consultant/Contractor to determine a reasonable and consistent approach, but the goal is to allow the Consultant/Contractor as much flexibility as possible to make this as simple as possible.

Subcontractor(s) labor, materials and other direct expenses shall be billed at cost with a copy of the invoice verifying the charges attached to the billing sent to VTrans.

The hourly classification rates listed below will be in effect for the entire original two (2) year term of the contract. The rates are subject to revision during each of the optional two (2) year extension periods. The revised rates will be in effect for the following 2 optional extension years. (Total of 6 years possible)

Addition of inspector types and/or locations are permitted without an amendment. The new inspector types and/or locations and the rates associated must be submitted to the Contract Manager. The Contract Manager will then submit any approved additions to Contract Administration for inclusion into the contract. Addition of the new classifications will be captured formally within the contract with the next amendment. This does not apply to rate changes; this is for any new inspector types and/or locations not previously included in the contract.

**Work Assignment Process for Primary Contracts:**

Work assignments will be awarded on a qualifications-based selection for services that are design and engineering in nature, which includes inspection services or on a best value based selection if not identified as design and engineering in nature or if the funding is 100% State funds. This will be determined at the work order level depending on type of service and type of funding.

The Contractor that is the most qualified or provides the best value to VTrans may involve some negotiation prior to award of the work assignment. If successful negotiations cannot be completed, VTrans reserves the right to move to the next most qualified or best value Contractor.

Qualifications will be based upon capacity, creative and technical solution, experience and past performance. Best value will take into consideration all of the items noted above for qualification-based selection. In addition, cost will be part of the consideration for best value selection.

**Invoice Preparation and Submittal:**

The Work Authorization Number must be noted on the invoice.

Payments shall be made based on the monthly submission of invoices to VTrans.

Contractor shall submit detailed invoices itemizing all work performed for each project, by each inspector,

at each location during the invoice period, including the dates of service, hours of work performed, hourly rates, and any other information and/or documentation appropriate and sufficient to substantiate the amount invoiced for payment by the State. **All invoices shall have a unique invoice number and follow a consistent numbering process. Invoices submitted without a unique invoice number will be returned.**

Each Invoice shall contain timesheets that include an affidavit signed by the Inspector, stating: “I verify under the pains and penalties of perjury, that the statement of time worked is correct for the period indicated.”

Each Invoice shall contain expense sheets for all billed travel time and mileage (for non-local Inspectors only) that are signed by the Inspector and Contractor Project Manager.

Each Project shall be broken out separately by project number, location and then subtotaled. Each project will show previously billed, current billing and total billed to date. The invoice must contain a grand total for all projects that includes previously billed, current billing and total billed to date. All invoices are to be forwarded to the e-mail address noted below.

Inspectors are expected to work the same hours as the Fabricator while work is in progress but shall not work more than 50 hours per week or more than ten (10) hours a day on a continuous basis without the approval of the VTrans Contract Manager. Whenever the Fabricator is working two (2) or more shifts, additional Inspectors may be required. Overtime rates will not apply for the first forty (40) hours for each inspector each week. Billable travel time will count towards the 40 hour threshold.

Any rate increase for Overtime services shall be identified on the Hourly Rate Sheet that is part of the agreement. Hourly rate increases are for direct labor only and does not apply to profit or indirect overhead rates. If there is no direct labor increase, then Overtime would not apply.

At no time will payment be made for more than one Inspector, per location, per project during each working hour without prior written approval by an authorized VTrans Representative.

If additional information and guidance is provided as part of this contract, it is expected that invoices will be submitted according to those requirements.

### **Documents Requiring Signatures:**

Contractor timesheets and expense sheets require signatures for verification and attestation purposes. VTrans will require electronic signatures that include the date of signing. To have the most efficient process when it comes to invoices containing timesheets and expense sheets, verifiable authenticated electronic signatures can be provided on an invoice coversheet instead of each individual document as long as the coversheet includes the following attestation:

***“Under the pains and penalties of perjury, the information contained in the documents attached to this invoice are correct and true to the best of my knowledge and belief for the periods indicated”.***

If your Company policy is to sign each individual document and not a coversheet, we ask that each individual signature be a verifiable authenticated electronic signature with date of signature. We understand that this can be a time-consuming process, therefore if individual signatures are on each document but are not electronic (wet signed signatures), a cover sheet will be required. VTrans only requires the Authorized Contractor’s Personnel (typically the Consultant Project Manager) who are attesting to the accuracy of all the documents and associated invoice to have an electronic signature and date on the coversheet. Individual timesheets and expense sheets can have the hard signature of the employee, but the overall attestation must be electronic.

The coversheet must be on Contractor Letterhead and include the following information:

- Contract Number
- Work Authorization Number (if applicable)
- Invoice number
- Period of Performance
- Attestation
- Printed Name and Title of each authorized Signatory
- Electronic Signature and Date

Electronic Signatures that do not have the date or cannot be verified as original will not be accepted.

Should any information within the invoice submittal be missing or incorrect, processing may be delayed until a corrected invoice is provided and accepted by VTrans. VTrans Audit may select invoices to review for completeness, accuracy and compliance with contract terms.

**All invoices must be submitted electronically to**

## A. INSURANCE

### 1. Basic Insurance Requirements for All Contracts for Services:

#### a. Prime Contractor:

For any work, a prime contractor must at minimum have and maintain throughout the life of the contract insurance coverage in types and amounts meeting or exceeding the State's standard insurance requirements specified in the State's Attachment C in effect at inception of the contract.

When a contract is amended, if a new Attachment C was adopted since the execution of the original contract, then the new Attachment C insurance requirements will apply as of and after amendment.

Certain types and settings of work require additional types and amounts of insurance coverage, beyond Attachment C requirements, as specified at Sections 2.e. and 3 below, which the Contractor must obtain and maintain throughout the life of the contract.

#### b. Subcontractors:

Subcontractors are required to have insurance coverage in types and amounts meeting or exceeding the prime contractor's insurance obligations to the State, including any additional types and amounts of insurance coverage for certain types and settings of work as specified at Sections 2.e and 3 below.

As to subcontractors, a prime contractor is obligated, for each of its subcontractors, to verify and maintain evidence of verification that each subcontractor carries all VTrans-required insurances. Subcontractors must do the same for their sub-subcontractors.

### 2. Workers Compensation Verification Compliance (*applies to both prime and subcontractors*):

#### a. In accordance with Act 54 of 2009,<sup>1</sup> and as subsequently amended, for total project costs over \$250,000, all contractors and subcontractors must have, when applicable:

A payroll process by which during every pay period the contractor collects from the subcontractors or independent contractors a list of all workers who were on the jobsite during the pay period, the work performed by those workers on the jobsite,

---

<sup>1</sup> See: Act 54 of 2009, § 32; Act 142 of 2010, § 17; Act 50 of 2011, § 6, as available at: <https://legislature.vermont.gov/>

and a daily census of the jobsite. This information, including confirmation that contractors, subcontractors, and independent contractors have the appropriate workers' compensation coverage for all workers at the job site, and the same information for the subcontractors regarding their subcontractors shall also be provided to the Department of Labor and to the [Department of Financial Regulation], upon request, and shall be available to the public.

- b. Contractors and subcontractors must preserve and retain the above discussed documentation seven (7) years, per section JJ of this document.
  - c. VTrans has the right to audit contractors' and subcontractors' compliance with the above; however, contractors and subcontractors should be in good standing at all times with this monitoring obligation, regardless of whether or how often VTrans conducts such audits.
  - d. VTrans reserves the right to require contractors and subcontractors to submit periodic attestations of compliance with these workers compensation verification requirements.
  - e. Contract-specific risk and insurance:
    - i. Where the subject matter of the contract gives rise to specific insurance obligations under the Federal Motor Carrier Safety Act ("FMCSA") <https://www.fmcsa.dot.gov>, which applies to both certain transport of passengers and certain materials of environmental concern, contractors and subcontractors must comply with the FMCSA insurance requirements.
    - ii. Environmental and pollution insurance coverage may also be required when the State, in its sole discretion, determines it to be required under the scope and subject matter of a contract.
    - iii. VTrans reserves the right to require other additional types or amounts of insurance for specific contracts when, in VTrans' sole discretion, it is prudent to do so in relation to the details of a particular contract.
3. Additional Types and Amounts of Insurance for Certain Subjects and Settings of Contracts for Services:

One or more types and amounts of the insurance coverages specified below will apply when the subject or setting of work falls within the scope(s) specified and described below:

- a. For Design/Engineering Professional Services for a Specific Contracts:
  - i. Where Contractor's work under the contract provides in whole or part design/engineering professional services for one or more specific projects, then before commencing work and throughout the term of this contract, contractor must provide Professional Liability insurance for all relevant services performed

under this Agreement, with minimum coverage of no less than two million dollars (\$2,000,000) per claim and two million dollars (\$2,000,000) policy aggregate.

- ii. The required Professional Liability insurance coverage must be maintained continuously for five (5) years after the final acceptance of any construction that may be developed as a result of such design work, even if the construction is performed under a separate contract or project.
- iii. Separate from task or project-specific requirements to maintain coverage, if contractor for any reason ceases operations, the contractor shall be responsible to obtain and maintain professional liability coverage that extends for not less than five (5) years after such cessation of operations.

4. Valuable Papers and Records Insurance:

Where contractor's work under the contract will in whole or part consist of providing the State with designs, plans, drawings, analyses, studies, reports, data, or other professional work product, contractor shall carry Valuable Papers and Records Insurance in a form and amount sufficient to ensure the restoration or replacement of any plans, drawings, field notes, or other information or data relating to the work, whether supplied by the State or developed by the contractor, subcontractor, worker, or agent, in the event of loss, impairment, or destruction. Such coverage shall remain in force until the final work product as well as all related materials have been delivered by the contractor to, and accepted by, the State. Valuable Papers and Records Insurance shall provide coverage on an "individual occurrence" basis with limits in the amount of at least one hundred thousand dollars (\$100,000).

5. Railroad Protective Liability:

- a. When any portion of contractor's or a subcontractor's work under the contract involves work on, over, or under the right-of-way of any railroad, the contractor shall provide and file with the Agency, with respect to the operations that it or its subcontractor perform under the contract, Railroad Protective Liability Insurance for and on behalf of the railroad as named insured, with the State and its officers and employees specified as additional insured.
- b. If Railroad Protective Liability insurance is required, the contractor shall obtain and submit the minimum coverage indicated above to the State prior to the commencement of rail-related work and activities, and shall maintain coverage until contractor notifies the State and the railroad that contractor has completed and ceased work on, over, or under the railroad right-of-way, and both State and railroad have concurred that contractor may terminate the railroad protective liability. Railroad coverage limits must meet or exceed:

- i. Not less than two million dollars (\$2,000,000) for all damages arising out of any one accident or occurrence, in connection with bodily injury or death and injury to or destruction of property; and
- ii. Subject to that limit per accident, a total (or aggregate) limit of six million dollars (\$6,000,000) for all injuries to persons or property during the policy period.

The Contractor shall file the original and one (1) copy of the Railroad Protective Liability policy with the State, who will provide the original to the appropriate railroad.

6. Information Technology Contracts:

- a. For contracts determined by the State to fall within the category of “information technology activity” as defined in statute at 3 V.S.A. §3301(b)(2), additional types and amounts of insurance will typically be required, and may change over time, either as to general standards or with regard to the subject matter or potential risk exposure in a specific IT transaction.
- b. As of the issuance of these General Terms and Conditions, the required IT insurance types include: Technology Professional Liability insurance with third-party coverage, and, if contractor has access to, processes, handles, collects, transmits, stores, or otherwise deals with State Data, Contractor shall maintain first party Breach Notification Coverage, which shall include the State of Vermont and its officers and employees as additional insureds.
- c. Information technology contracts will also generally require their own set of additional specific terms and conditions, derived from the then-applicable templates issued by the Agency of Digital Services and the Office of Purchasing and Contracting within the Department of Buildings and General Services.

## B. INDEMNIFICATION

1. Basic Indemnification Requirements (any contract for services):

a. Prime Contractor:

Except as specifically provided below, a prime contractor must act in an independent capacity and defend and indemnify the State in accordance with the State’s then-current Attachment C

b. Subcontractors:

Except as specifically provided below, the prime contractor must include requirements as to independence, defense, and indemnity, matching Attachment C and identical to those in the prime contractor’s contract with State, in the prime contractor’s contracts with subcontractors. Subcontractors must do the same for their sub-subcontractors.

2. For Design/Engineering Professional Services for a Specific Projects:

a. Prime Contractor:

Where a contract is for design/engineering professional services for a specific project, or, when a contract contains a mixed scope of work that in part consists of tasks of such professional design services for a specific project or projects, then as to, and only as to, those specific professional design services, the provisions of Standard Attachment C on the subjects of “Defense and Indemnity” (numbered item 7 in the December 2017 version of Attachment C, and any equivalent provisions, however numbered, in any subsequently-issued Attachment C) are stricken in their entirety and replaced in full by the following:

The Party shall defend the State and its officers and employees against all claims or suits arising in whole or in part from any act or omission of the Party or of any agent of the Party in providing “non-professional services” under this Agreement. As used herein, “non-professional services” means services provided under this Agreement other than professional services relating to the design and/or engineering of all or part of the project. The State shall notify the Party in the event of any such claim or suit covered by this Subsection, and the Party shall immediately retain counsel and otherwise provide a complete defense against the entire claim or suit arising out of “non-professional services” provided under this Agreement.

Notwithstanding anything to the contrary set forth in Subsection C above, the Party shall not be obligated to defend the State and its officers and employees against claims or suits arising from the Party’s provision of engineering design services or architectural design services. However, the Party’s obligation to defend the State and its officers and employees against all claims or suits arising out of “non-professional services” provided under this Agreement as provided in Subsection C above and the Party’s other obligations under Attachment C shall remain in effect.

The Party agrees to indemnify and hold the State, its officers and employees, harmless from and against monetary damages to third parties, together with reasonable costs, expenses and attorney’s fees incurred and paid by the State in defending claims by third parties (collectively “Damages”) but only in the event and to the extent such Damages are incurred and paid by the State as the proximate cause of negligent acts, errors or omissions (“Professional Negligence”) by the Party, its employees, agents, consultants and subcontractors, in providing the professional services required under this Agreement.

As used herein, “Professional Negligence” or “negligent acts, errors or omissions” means a failure by the Party to exercise that degree of skill and care ordinarily possessed by a reasonably prudent design professional practicing in the same or similar locality providing such services under like or similar conditions and circumstances.

The Party shall indemnify the State and its officers and employees in the event that the State, its officers or employees become legally obligated to pay any damages or losses

arising from any act or omission of the Party arising from the provision of “non-professional services” (as defined herein) under this Agreement.

The Party shall not be obligated to indemnify the State for any Damages incurred by the State attributable to the State’s own negligent acts, errors or omissions or the negligent acts, errors or omissions of its officers, agents or employees, or the acts, errors, omissions or breach of Agreement by persons or entities other than the Party, its employees, agents, consultants and subcontractors.

After a final judgment or settlement, the Party may request recoupment of specific defense costs and may file suit in Washington Superior Court requesting recoupment. The Party shall be entitled to recoup costs only upon a showing that such costs were entirely unrelated to the defense of any claim arising from an act or omission of the Party.

b. Subcontractors:

As to subcontractors working under a prime contractor and where the subcontractors are providing such professional design services for a specific project, the prime contractor will include the same design-specific provisions as defined in Section B(2)(a) above in the prime contractor’s own contracts with subcontractors. Subcontractors must do the same for their sub-subcontractors.

## **C. GENERAL COMPLIANCE WITH LAWS; RESPONSIBILITY FOR VIOLATION**

1. The contractor shall observe and comply with all applicable federal, state, and municipal laws, bylaws, ordinances, and regulations in any manner affecting the conduct of the work and the action or operation of those engaged in the work, including all such orders or decrees as exist at present and those which may be enacted, adopted, or issued later, during the course of the work, by bodies or tribunals having any jurisdiction or authority over the work; and the contractor shall defend, indemnify and save harmless the State, any affected railroad(s), and any affected municipality(ies), and all their officers, agents, and employees against any claim or liability arising from or based on the violation of any such law, bylaws ordinances, regulations, order, or decree, whether by the contractor in person, its employee(s), or by the contractor’s subcontractor(s) or agent(s), or employee(s) or agents thereof.
2. If the contractor discovers any provision(s) in the contract contrary to or inconsistent with any law, ordinance, regulation, order, or decree, the contractor shall immediately report it to the Project Manager in writing.

## **D. COMPLIANCE WITH DESIGN SPECIFICATIONS, STANDARDS, MANUALS, GUIDELINES, DIRECTIVES, AND POLICIES**

The contractor shall comply with all applicable statutes, regulations, ordinances, specifications, manuals, standards, guidelines, policies, directives, and any other requirements related to the

contract. In case of any conflict with the items referenced above, the contractor is responsible to ascertain and follow the direction provided by the State.

## E. SEVERABILITY

Provisions of the contract shall be interpreted and implemented in a manner consistent with each other and using procedures that will achieve the intent of both parties. If for any reason a provision in the contract is unenforceable or invalid, VTrans, in its sole discretion may sever that provision from the contract, and the remaining provisions shall have the same force and effect as if the severed provisions had never been a part of the contract.

## F. PROMPT PAYMENT

1. The contractor, by accepting and signing the contract, agrees to fully comply with the provisions of 9 V.S.A. §§ 4001-4009, also referred to as Act No. 74 of 1991 or the Prompt Payment Act, as amended. Compliance with this clause also satisfied the requirements of 46 CFR § 26.29. applicable to Federally funded contracts.
2. In accordance with 9 V.S.A. Section 4003, notwithstanding any contrary contract provision, payments shall be made within seven days from receipt of a corresponding final or progress payment by the State to the contractor, or seven days after receipt of a subcontractor's invoice, whichever is later. Failure to comply constitutes violation of this contract.
3. On all federal-aid and state funded contracts, the contractor, during the life of the contract and on a monthly basis, shall submit electronically a listing of payments to subcontractors on the form specified by the State and made available at: <http://apps.vtrans.vermont.gov/consultants/>. Electronic reports shall be filed with VTrans Office of Civil Rights by an authorized representative and received in the VTrans Office of Civil Rights on or before the tenth working day after month end. Contractors without access to the internet shall obtain and submit manual reports to the VTrans Office of Civil Rights. Manual reports shall be signed by an authorized representative, sent to the VTrans Office of Civil Rights, and postmarked on or before the tenth working day after month end. There shall be no direct compensation allowed the contractor for this work, but the cost thereof shall be included in the general cost of the work.
4. Violations shall be reported to the VTrans Office of Civil Rights for review. Failure to resolve disputes in a timely manner will result in a complaint made to the VTrans Chief of Contract Administration. In the Agency's judgment, appropriate penalties may be invoked for failure to comply with this specification. Penalties may include debarment or suspension of the ability to submit proposals.
5. This section shall be included in the prime contractor's contract made with all of its subcontractors.

## G. TERMINATION

In addition to the Termination provisions contained in Attachment C, the following terms are included in this contract:

### Termination for Convenience

#### 1. General

- a. The Agency may, with thirty (30) days written notice to the Contractor, terminate the Contract or any portion thereof when such termination would be in the best interest of the Agency. Upon notification, the contractor may be directed to immediately stop all work and incur no further costs under the contract.
- b. Any such termination shall be effected by delivery to the Contractor an Order of Termination specifying the termination is for the convenience of the Agency, the extent to which performance of work under the Contract is terminated, and the effective date of the termination.
- c. In the event such termination occurs, without fault and for reasons beyond the control of the Contractor, all completed or partially completed items of work as of the date of termination will be paid for in accordance with the contract payment terms.
- d. No compensation will be allowed for incomplete or eliminated contract items.
- e. Termination of the Contract, or portions thereof, shall not relieve the Contractor of its contractual responsibilities for work completed and shall not relieve the Contractor's Surety of its obligation for and concerning any just claim arising out of the work performed.

#### 2. Contractor Obligations

After receipt of the Notice of Termination and except as otherwise directed by VTrans, the Contractor shall immediately proceed to:

- a. The extent specified in the Notice of Termination, cease work under the Contract on the date specified.
- b. Place no further orders or subcontracts for materials, services, or facilities except as may be necessary for completion of such portions of the work under the Contract that are not terminated.
- c. Terminate and cancel any orders or subcontracts related to the services, except as may be necessary for completion of such portions of the work under the Contract that are not terminated.

- d. Transfer to VTrans all completed or partially completed plans, drawings, information, and other property which, if the Contract had been completed, would be required to be furnished to VTrans.
- e. Take other actions as may be necessary or as directed by VTrans for the protection and preservation of the property related to the contract which is in the possession of the contractor and that VTrans has or may acquire any interest.
- f. Make available to VTrans all cost and other records relevant to a determination of an equitable settlement.

### 3. Claim by Contractor

After receipt of the Notice of Termination from VTrans, the Contractor shall submit any claim for additional costs not covered herein or elsewhere in the Contract within sixty (60) days of the effective termination date. Should the Contractor fail to submit a claim within the sixty (60) day period, VTrans may, at its sole discretion, determine what, if any, compensation is due the Contractor and pay the Contractor the determined amount.

### 4. Negotiation

Negotiations to settle a timely claim shall be for the sole purpose of reaching a settlement equitable to both the Contractor and VTrans. Settlement shall be based on actual costs incurred by the Contractor, as reflected by the contract rates. Consequential damages, loss of overhead, loss of overhead contribution of any kind, and loss of anticipated profits on work not performed shall not be included in the Contractor's claim and will not be considered, allowed, or included as part of any settlement.

## H. PROPRIETARY RIGHTS

1. If a patentable discovery or invention results from work performed under the contract, all rights to such discovery or invention shall be the sole property of the Contractor, but the State and the United States Government shall have an irrevocable, nonexclusive, non-transferable, and royalty free license to each invention in the manufacture, use, and disposition, according to law, of any article or material or use of method that may be developed, as a part of the work under the contract.
2. Publications: All data, valuable papers, photographs, and any other documents produced under the terms of the contract shall become the property of the State of Vermont. The Contractor agrees to allow access to all data, valuable papers, photographs, and other documents at all times. The contractor shall not copyright any material originating under the contract without prior written approval of the State.
3. Ownership of the Work: All studies, data sheets, survey notes, subsoil information, drawings, tracings, estimates, specifications, proposals, diagrams, calculations, photographs, and other material prepared or collected by the contractors ("instruments of professional

service") shall become the property of the State as they are prepared or developed during performance of the work under the contract. If a contractor uses a proprietary system or method to perform the work, only the product will become the property of the State. The Contractor shall not be liable for any reuse, misuse, or alteration of these "instruments of professional service" by the State.

4. The Contractor shall surrender to the State upon demand or submit for inspection at any time any instruments of professional service that have been collected, undertaken, or completed by the Contractor pursuant to the contract. Upon completion of the work, these instruments of professional service will be appropriately endorsed by the Contractor and turned over to the State.
5. Data and publication rights to any instruments of professional services produced under the contract are reserved to the State and shall not be copyrighted by the contractor at any time without written approval of the State. No publication or publicity of the work, in part or in total, shall be made without the consent of the State, except that contractors may in general terms use previously developed instruments of professional service to describe its abilities for a project in promotional materials.
6. Rights and Remedies Additional: The rights and remedies of the State under this section are in addition to any other rights and remedies that the State may possess by law or under this contract.
7. Decisions Final and Binding: Decisions of the State on matters discussed in this section shall be final and binding.

## I. PERSONAL CONFLICTS OF INTEREST

Contractor employees performing services for the VTrans shall not have, directly or indirectly, a personal conflict of interest with respect to any contract with VTrans and must immediately disclose to VTrans any personal conflicts of interest arising at any time from the bidding process to final contract close-out.

### Definitions

As used in this clause:

1. Contractor Employees means employees and subcontractors of a VTrans contractor.
2. Personal Conflict of Interest means a situation in which a contractor employee has a financial interest, personal activity, or relationship that could impair the individual's ability to act impartially and in the best interest of the Government when performing under the contract.
  - a. Sources of personal conflicts of interest include but are not limited to:

- i. Financial interests of the contractor employee, of close family members, or of other members of the contractor employee’s household;
  - ii. Other employment or financial relationships (including seeking or negotiating for prospective employment or business); and
  - iii. Gifts, including travel.
- b. Examples. Financial interests referred to above may arise from:
  - i. Compensation, including wages, salaries, commissions, professional fees, or fees for business referrals;
  - ii. Consulting relationships (including commercial and professional consulting and service arrangements, scientific and technical advisory board memberships, or serving as an expert witness in litigation);
  - iii. Services provided in exchange for honorariums or travel expense reimbursements;
  - iv. Research funding or other forms of research support;
  - v. Investment in the form of stock or bond ownership or partnership interest (excluding diversified mutual fund investments);
  - vi. Real estate investments;
  - vii. Patents, copyrights, and other intellectual property interests; or
  - viii. Business ownership and investment interests.
3. Acquisition Function means supporting or providing advice or recommendations to the following activities of a State agency:
  - a. Planning acquisitions;
  - b. Determining what supplies or services are to be acquired by the Government, including developing statements of work;
  - c. Developing or approving any contractual documents, including documents defining requirements, incentive plans, and evaluation criteria;
  - d. Evaluating contract proposals;
  - e. Awarding Government contracts;

- f. Administering contracts (including ordering changes or giving technical direction in contract performance or contract quantities, evaluating contractor performance, and accepting or rejecting contractor products or services);
  - g. Terminating contracts; and
  - h. Determining whether contract costs are reasonable, allocable, and allowable.
4. Non-public information means any State or third-party information that:
- a. Is deemed by VTrans to be proprietary or confidential, or is exempt from disclosure under the Vermont Public Records Act, 1 V.S.A. § 315, et al, or otherwise protected from disclosure by statute, Executive order, or regulation; or
  - b. Has not been disseminated to the general public and the State has not yet determined whether the information can or will be made available to the public.

## Requirements

The Contractor shall:

1. Have procedures in place to screen employees for potential personal conflicts of interest;
2. Prevent personal conflicts of interest, including not assigning or allowing an employee to perform any task under the contract for which the Contractor has identified a personal conflict of interest for the employee that the Contractor or employee cannot satisfactorily prevent or mitigate in consultation with the contracting agency; and
3. Prohibit use of non-public information accessed through performance of a Government contract for personal gain.
4. Inform employees of their obligation:
  - a. To disclose and prevent personal conflicts of interest;
  - b. Not to use non-public information accessed through performance of a Government contract for personal gain;
  - c. To avoid even the appearance of personal conflicts of interest;
5. Maintain effective oversight to verify compliance with personal conflict-of-interest safeguards;
6. Take appropriate disciplinary action in the case of covered employees who fail to comply with policies established pursuant to this clause;

7. Report to VTrans any personal conflict-of-interest violation by an employee as soon as it is identified. This report shall include a description of the violation and the proposed actions to be taken by the Contractor in response to the violation.
8. Provide follow-up reports of corrective actions taken, as necessary. Personal conflict-of-interest violations include:
  - a. Failure by an employee to disclose a personal conflict of interest;
  - b. Use by an employee of non-public information accessed through performance of a Government contract for personal gain; and
  - c. Failure of an employee to comply with the terms of a non-disclosure agreement.
9. In the case of contractors' employees *who perform acquisition functions* for VTrans, screening procedures must include:
  - a. Maintaining and obtaining from each employee, when the employee is initially assigned to the task under the contract, a disclosure of interests that might be affected by the task to which the employee has been assigned, as follows:
    - i. Financial interests of the employee, of close family members, or of other members of the covered employee's household;
    - ii. Other employment or financial relationships of the employee (including seeking or negotiating for prospective employment or business); and
    - iii. Gifts, including travel.
  - b. Requiring each employee to update the disclosure statement whenever the employee's personal or financial circumstances change in such a way that a new personal conflict of interest might occur because of the task the employee is performing.

### **Mitigation or Waiver**

1. In exceptional circumstances, if the Contractor cannot satisfactorily prevent a personal conflict of interest as required above, the Contractor may submit a request through the applicable Division Director for:
  - a. An agreement to a plan to mitigate the personal conflict of interest; or
  - b. A waiver of the requirement.
2. The Contractor shall include in the request any proposed mitigation of the personal conflict of interest.

3. The Contractor shall:

- a. Comply, and require compliance by the employee, with any conditions imposed by the Government as necessary to mitigate the personal conflict of interest; or
- b. Remove the Contractor employee or subcontractor employee from performance of the contract or terminate the applicable subcontract.

### **Disclosure**

A mandatory duty is established for the Contractor to disclose procurement fraud, and overpayments, or risk debarment or suspension. The contractor must report fraud, conflicts of interest, bribery, and illegal gratuities in connection with the award or performance of a state contract.

### **Code of Business Ethics**

Contractors are encouraged to have a written code of business ethics and conduct. In addition, the contractor should have an ongoing ethics and compliance training program for principals and employees, as well as a system of internal controls to detect fraud and improper conduct.

## **J. ORGANIZATIONAL CONFLICTS OF INTEREST (OCOI)**

### **Definition**

Organizational conflict of interest (“OCOI”) means that because of other activities or relationships with other persons or entities, a contractor *as a business entity*:

1. Is unable or potentially unable to render impartial assistance or advice to VTrans;
2. Is or may be impaired in its objectivity in performing the contract work (Example: A firm has a contract to inspect work by firms that are its business affiliates); or
3. Has an unfair competitive advantage. (Example: a firm participates in systems engineering and technical direction; preparing specifications or work statements; participates in development and design work; or gains access to the information of other companies in performing advisory and assistance services for the government drafting a scope of work for a project, then bids on the project itself.)

### **Disclosure**

The Contractor shall make an immediate and full disclosure, in writing, to the VTrans Project Manager of any potential or actual OCOI or the existence of any facts that may cause a reasonably prudent person to question the contractor's impartiality because of the appearance or existence of bias or an unfair competitive advantage. Such disclosure shall include a description of the actions

the contractor has taken or proposes to take in order to avoid, neutralize, or mitigate any resulting conflict of interest.

### **Contractors in Management Support Roles**

OCIOs often arise when contractors or subcontractors are employed in management support roles, such as oversight and inspection of the work of other contractors, and the development of designs, requirements, or statements of work or procurement documents such as requests for proposal. Such contracts bear particularly close monitoring to avoid OCIOs. A contractor serving in a management support role may be precluded from providing additional services on projects, activities, or contracts under its oversight due to potential conflicts of interest.

### **OCIO Screening**

Prior to submitting a proposal, each submitter or proposer will conduct an internal review of its current affiliations and will require its team members to identify potential, real, or perceived OCIOs relative to the anticipated procurement. Potential submitters or proposers will be notified that existing or future contractual obligations relative to the proposed procurement may present an OCIO that may require avoidance, neutralization, or mitigation.

### **Disqualification**

Prior to the award of a contract, VTrans may determine that an OCIO exists which would warrant disqualifying the bidder for award of the contract. VTrans will discuss the matter with the contractor to determine whether the OCIO can be mitigated to VTrans satisfaction by negotiating terms and conditions of the contract to that effect.

### **Subcontracts**

1. The Contractor shall require from its subcontractors full disclosure of any actual, apparent, or potential OCIO, and report such OCIOs to the VTrans Project Manager.
2. The Contractor shall identify and avoid, neutralize, or mitigate any subcontractor OCIO prior to award of the contract to the satisfaction of the VTrans Project Manager. If the subcontractor's OCIO cannot be avoided, neutralized, or mitigated, the Contractor must obtain the written approval from the appropriate VTrans Division Director prior to entering into the subcontract.
3. If the Contractor becomes aware of a subcontractor's potential or actual OCIO after the contract award, the Contractor agrees that VTrans may require the Contractor to eliminate the subcontractor from its team.

## **K. CONFLICT OF INTEREST REMEDIES**

VTrans may terminate this contract, in whole or in part, or decline to make an award to a contractor if, in VTrans sole discretion, it is deemed necessary to avoid, neutralize, or mitigate an actual or

apparent personal or OCOI. No contract for the construction of a project shall be awarded to the firm that designed the project or its subsidiaries or affiliates, except with the approval of the Secretary of Transportation or authorized representative.

1. If a Contractor fails to disclose facts pertaining to the existence of a potential or actual personal or OCOI or misrepresents relevant information to VTrans, VTrans may terminate the contract for default or pursue such other remedies as may be permitted by law or this contract.
2. The Contractor will have the right to appeal a finding of an actual or potential OCOI to the appropriate Division Director, whose decision will be final, subject to further review only as provided for by state law, regulation or procedure.

## L. CONTRACTOR PERSONNEL

1. The Contractor shall employ only qualified personnel to supervise and perform the work. VTrans shall have the right to approve or disapprove personnel hired to perform or supervise work related to the contract.
2. Upon VTrans' request, the Contractor shall supply resumes for staff proposed to work on assignment or under primary contracts for VTrans' review and acceptance or rejection. VTrans retains the right to interview the proposed staff.
3. If contractor has submitted a list of key personnel to VTrans as part of a proposal, the Contractor must notify and seek approval if any changes to the proposed personnel occur during the performance period of the contract.
4. VTrans reserves the right to require removal of any person employed by a contractor from work related to the contract as deemed necessary to protect the interests of the State. The decision of VTrans shall be final and not subject to challenge or appeal beyond the appropriate Division Director.

## M. APPROVAL REQUIREMENT FOR HIRING CERTAIN VTRANS EMPLOYEES

1. Contractors are required to obtain VTrans approval prior to making offers of employment to VTrans employees who are engaged in acquisition functions as defined in paragraph I.3 a-h above, or an individual who was engaged in acquisition functions for VTrans within one year of the end of employment with VTrans. Request for approval must be submitted to the appropriate Division Director.
2. Discussions with current VTrans employees engaged in acquisition functions regarding *potential* employment with a contractor creates a conflict of interest for the employee and is prohibited absent a State approved mitigation plan or waiver.

3. Contractors are encouraged to maintain an open dialogue with VTrans regarding such matters and work toward mutually acceptable avoidance and resolution of any issues.

## **N. ASSIGNMENTS, TRANSFERS, AND SUBLETTING**

1. The Contractor shall not assign, sublet, or transfer any interest in the work covered by the contract without the prior written consent of the State and appropriate federal agencies, if applicable. Further, if any subcontractor participates in any work involving additional services, the estimated extent and cost of the contemplated work must receive the prior written consent of the State.
2. The approval or consent to assign, sublet, or assign any portion of the work shall in no way relieve the Contractor of its responsibility to perform that portion of the work so affected. Except as otherwise provided in these specifications, the form of the subcontractor's contract shall be as developed by the contractor.
3. Any authorized subcontracts shall contain all the same provisions specified for and attached to the original contract with the State.

## **O. PERFORMANCE AND COMPLETION OF WORK**

1. The Contractor shall perform the services specified in accordance with the terms of the contract and shall complete the contracted services by the completion dates specified in the contract.
2. Apart from ongoing obligations (*e.g.*, insurance, ownership of the work, and appearances), upon completion of all services covered under the contract and payment of the agreed upon fee, the contract with its mutual obligations shall be terminated.
3. If, at any time during or after performance of the contract, the Contractor discovers any design errors or other issues that warrant changes, the contractor shall notify the Project Manager immediately. This paragraph also applies to those projects that are under construction or have been constructed.

## **P. CONTINUING OBLIGATIONS**

The Contractor agrees that if, because of a death or other occurrences, it becomes impossible to effectively perform its services in compliance with the contract, neither the contractor nor its surviving principals shall be relieved of their obligations to complete the services under the contract. However, the State may terminate the contract if it considers a death, incapacity, or other removal of any principal(s) or key project personnel to be a loss of such magnitude that it would affect the contractor's ability to satisfactorily comply with the contract.

## **Q. APPEARANCES**

1. Hearings and Conferences. The Contractor shall provide professional services required by

the State that are necessary for furtherance of any work covered under the contract. Professional services shall include appropriate representation at design conferences, public gatherings and hearings, and appearances before any legislative body, commission, board, or court, to justify, explain, or defend its services provided under the contract.

2. The Contractor shall serve as a liaison if the State deems it necessary for the furtherance of the work and participate with the State, at any reasonable time, in conferences, concerning interpretation and evaluation of all services provided under the contract.
3. The Contractor further agrees to participate in meetings with the State, applicable Federal Agencies, or any other interested or affected participants for the purpose of review or resolution of any conflicts pertaining to the contract. The Contractor shall be equitably paid for such services and for any reasonable expenses incurred in relation thereto in accordance with the contract.
4. Appearance as Witness. When required by the State, the Contractor, or an appropriate representative, shall prepare for and appear in, on behalf of the State, any litigation or other legal proceeding concerning any relevant project or related contract. The contractor shall be equitably paid for such services and for any reasonable expenses incurred in relation thereto in accordance with the contract.

## R. CHANGES AND AMENDMENTS

1. VTrans may, upon written notice, require changes, additions, or deletions to the work or contract. Whenever possible, any such adjustments shall be administered under the appropriate fee schedule or payment provisions established in the contract based on the adjusted quantity of work.
2. The State may, upon written notice, and without invalidating the contract, require changes resulting from the revision or abandonment of work already satisfactorily performed by the Contractor or changes in the statement of work section of the contract.
3. If the value of such changes, additions, or deletions is not otherwise reflected in payments to the contractor pursuant to the contract, or if such changes require additional time or expense to perform the work, the contract may be amended accordingly.
4. Changes to the scope, duration or value of the contract will require amendment of the contract, approved by the State's Secretary of Transportation or other official delegated such authority.
5. The Contractor agrees to maintain complete and accurate records, in a form satisfactory to VTrans, for any extra work or additional services in accordance with the contract and the Contractor shall perform such work or services only after an amendment has been fully executed or a written notice to proceed is issued by VTrans.

## S. EXTENSION OF TIME

1. The contractor may request in writing an extension of the allotted time for completion of the work. A request for extension will be evaluated, and if VTrans determines that the justification is valid, an extension of time for completion of the work may be granted. A request for extension of time must be made before the contractor is in default.
2. The decision of VTrans relative to granting an extension of time shall be final and binding, and may result in damages owed to the State by the contractor.
3. Neither party hereto shall be held responsible for delay in performing the work encompassed herein when such delay is due to unforeseeable causes such as, but not limited to, acts of God or a public enemy, fire, strikes, floods, or legal acts of public authorities.

## T. CONTRACTOR ERRORS AND OMISSIONS

1. “Professional negligence” resulting in errors and omissions in the work product of the contractor or subcontractors must be corrected by the contractor at no cost to the State, when it is determined that the error or omission was a direct cause of the contractor’s work. The contractor may be liable for the State’s costs and other damages resulting from errors or deficiencies in designs furnished under its contract.
2. When VTrans becomes aware of an error or omission on the part of the contractor or subcontractors, VTrans will inform the contractor and provide an opportunity for discussion and correction, if applicable. Discussions will not relieve the contractor from complying with any VTrans-ordered corrections.
3. VTrans’ review, approval, or acceptance of or payment for the services required under this contract shall not be construed to operate as a waiver of any rights under this contract or of any cause of action arising out of the performance of this contract.
4. The rights and remedies of the State provided for under this contract are in addition to any other rights and remedies provided by law or elsewhere in the contract. If the Contractor is comprised of more than one legal entity, each such entity shall be jointly and severally liable hereunder.

## U. DISPUTE RESOLUTION.

1. Design Professionals: In cases where VTrans believes damages are owed by a contractor, VTrans will attempt to negotiate a resolution with the contractor. If requested in writing by either party, negotiations may take the form of structured non-binding mediation with the assistance of a mediator on a “without prejudice” basis. The mediator shall be appointed by agreement of the parties, and the fees split equally between the parties. Negotiations or mediation will not bar either party from pursuing any other available remedies except as mutually agreed to in a written mediation agreement.

2. Construction Services Professionals: The parties shall attempt to resolve any disputes that may arise under the contract by informal negotiation, with the approval of the appropriate Division Director. If the dispute is not resolved, the Director shall issue a decision, which the Contractor may appeal in writing to the Transportation Board, through the Director, within 30 calendar days of the Director's decision. The notice of appeal shall completely outline the nature and extent of the issue(s) appealed and shall include copies of any and all supporting documentation. The decision of the Transportation Board may be appealed to Vermont Superior Court by either party as provided in 19 V.S.A. § 5.

## **V. RETAINAGE AND LIQUIDATED DAMAGES**

1. Pursuant to the provisions of Agency of Administration Bulletin 3.5 – Contracting Procedures, VTrans has considered whether services contracts should contain provisions that provide for liquidated damages and/or retainage. As a general principle, based on experience and policy, VTrans has generally chosen not to include liquidated damages and retainage in its services contracts.
2. Should VTrans believe that liquidated damages or retainage provision are advisable in a particular contract, VTrans will include such provisions in the contract.

## **W. NO ADVANTAGE FROM ERRORS OR OMISSIONS IN CONTRACT DOCUMENTS.**

Neither the contractor nor the State shall take advantage or be afforded any benefit as the result of apparent error(s) or omission(s) in the contract documents. If either party discovers error(s) or omission(s), it shall immediately notify the other.

## **X. HOSTILE ACTS**

Except as provided below, or otherwise agreed to in writing by a duly authorized representative of the State, the Contractor agrees that during the term of this contract, and also after termination of this contract, it will not represent or render assistance to anyone in any matter, proceeding, or lawsuit against or otherwise adverse to the interests of the State or any of its agencies or instrumentalities in a matter, proceeding, or lawsuit related to any aspects of any work or projects to which this contract relates. Contractor also agrees to include written provision in any of contractor's subcontracts with others relating to this contract, providing that such subcontractors also recognize and agree to be bound by this duty of loyalty to the State regarding any aspects of any work or projects to which this contract relates.

## **Y. RESPONSIBILITY FOR SUPERVISION**

The contractor shall be responsible for supervision of contractor employees and subcontractors for all work performed under the contract and shall be solely responsible for all procedures, methods of analysis, interpretation, conclusions, and contents of work performed under the contract.

## **Z. WORK SCHEDULE AND PROGRESS REPORTS**

As required by VTrans, prior to initiating any work, the Contractor shall work with VTrans' Project Manager to develop a work schedule showing how the contractor will complete the various phases of work to meet the completion date and any interim submission dates in the contract. VTrans will use this work schedule to monitor the contractor.

The Contractor during the life of the contract shall make monthly progress reports, or as otherwise determined by the Project Manager, or set forth in the statement of work, indicating the work achieved through the date of the report. The Contractor shall link the monthly progress reports to the schedule. The report shall indicate any matters that have, or are anticipated to, adversely affected progress of the work. VTrans may require the Contractor to prepare a revised work schedule in the event that a specific progress achievement falls behind the scheduled progress by more than thirty (30) days. The revised work schedule shall be due as of the date specified by VTrans.

## **AA. WORK ASSIGNED UNDER PRIMARY-TYPE CONTRACTS**

Specific tasks or projects under primary (ie. retainer or Indefinite Delivery/Indefinite Quantity ["IDIQ"]) type contracts will be awarded and managed as provided in the scope of work section of the contract. Contractors should not begin work on any task or project under a primary contract until they have received authorization as described in the scope of work.

## **BB. UTILITIES**

Whenever a facility or component of a private, public, or cooperatively-owned utility will be affected by proposed construction, the Contractor shall consult with the State's Utility Section and initiate contacts or discussions with the affected owners regarding requirements necessary for revision of facilities, both above and below ground. All revisions must be completely and accurately exhibited on detail sheets or plans. The Contractor shall inform the State, in writing, of all contacts with utility facility owners, and the results thereof. Further details should be provided in the scope of work section of the contract.

## **CC. PUBLIC RELATIONS**

Whenever it is necessary to perform work in the field (e.g., with respect to reconnaissance, testing, construction inspection, and surveying) the contractor shall endeavor to maintain good relations with the public and any affected property owners. Personnel employed by or representing the contractor shall conduct themselves with propriety. If there is a need to enter upon private property to accomplish the work under the contract, the Contractor shall inform property owners and tenants in a timely manner and in accordance with relevant statutes. All work will be done with minimum damage to the land and disturbance to the owners thereof. Upon request of the Contractor, the State shall furnish a letter of introduction to property owners soliciting their cooperation and explaining that the contractor is acting on behalf of the State.

## **DD. INSPECTION OF WORK**

1. The State and applicable federal agencies shall, at all times, have access to the contractor's work for the purposes of inspection, accounting, and auditing, and the Contractor shall provide appropriate and necessary access to accomplish inspections, accounting, and auditing.
2. The contractor shall permit the State and its representatives the opportunity at any time to inspect any plans, drawings, estimates, specifications, or other materials prepared or undertaken by the Contractor pursuant to the contract.
3. A conference, visit to a site, or inspection of the work may be held at the request of the Contractor, State, and appropriate federal agencies.

## **EE. WRITTEN DELIVERABLES/REPORTS**

All communications and deliverables presented under terms of the contract shall be in a form and format identified in the statement of work section of the contract, including, but not limited to CADD Requirements, Data Specifications, and Geographic Information System Requirements.

## **FF. ELECTRONIC DATA MEDIA.**

VTrans Web Page and File Transfer Protocol (FTP) Site Disclaimer. The files located on the VTrans web page and FTP site are subject to change. The contractor is responsible for maintaining contact with VTrans to determine if any changes affect the work produced by the contractor. Although VTrans makes every effort to ensure the accuracy of its work, it cannot guarantee that transferred files are error free.

## **GG. REVIEWS AND APPROVALS.**

All work prepared by the Contractor, subcontractors, and representatives thereof pursuant to the contract shall be subject to review and approval by VTrans. Approval for any work shall be documented in writing. Approvals shall not relieve a contractor of its professional obligation to correct any defects or errors in the work at the contractor's expense.

The pertinent federal agencies may independently review and comment on the contract deliverables. The Contractor, through VTrans, shall respond to all official comments regardless of their source. The Contractor shall supply VTrans with written copies of all correspondence relating to reviews. All comments must be satisfactorily resolved before the affected work is advanced.

## **HH. PAYMENT PROCEDURES**

Payment procedures will be set forth in Attachment B.

## **II. AUDIT REQUIREMENTS**

1. Design and Engineering Contracts of Five Hundred Thousand Dollars (\$500,000.00) and over:
  - a. Annually, the Contractor shall furnish the State with independently-prepared, properly supported indirect cost rates for all the time periods covered under the contract. These rates must be developed in accordance with the cost principles in 48 CFR Part 31. Unless otherwise specified in the contract, the Contractor's overhead rate shall be based on actual, audited overhead costs.
  
2. **Design and Engineering Contracts** Under Five Hundred Thousand Dollars (\$500,000.00):
  - a. The contractor may submit internally generated indirect cost computations and the related schedules.
  
  - b. Additional information may be requested from a new contractor executing a contract under \$500,000.00 or in some cases from contractors with existing or previous contracts with the State if any of the following conditions or areas of concern exist:
    - i. There is insufficient knowledge of the consultant's accounting system.
  
    - ii. There is previous unfavorable experience regarding the reliability of the consultant's accounting system
  
    - iii. The contract involves procurement of new equipment or supplies for which cost experience is lacking.
  
    - iv. There have been issues with adherence to Federal and State regulations and policies.
  
    - v. Capacity – ensuring ongoing delivery

## **JJ. RECORDS RETENTION:**

The Contractor shall maintain all records related to the contract for a period of seven (7) years unless required to keep them longer as indicated Federal provisions or in the scope of work section of the contract.

## **KK. REGISTRATION WITH SECRETARY OF STATE**

1. The Contractor shall be registered with the Vermont Secretary of State to do business in the State of Vermont if the Contractor:
  - a. Is a domestic or foreign corporation,

- b. Is a resident co-partner or resident member of a co-partnership or association,
  - c. Is a non-resident individual doing business in Vermont in his or her individual capacity,
  - d. Is doing business in Vermont under any name other than the Contractor's own personal name.
2. This registration must be complete prior to contract execution and maintained throughout the life of the contract.

## LL. SITE VISIT

Where relevant to the work to be performed under the contract, contractors must inspect physical locations of construction when required in the statement of work and will not be compensated for any differing site conditions that could have been discovered during the inspection.

## MM. MARKETING

The Contractor is prohibited from representing in marketing or promotional materials that VTrans is a co-sponsor in any project, or otherwise representing any sort of collaboration or partnership with VTrans; making claims of general endorsement by VTrans; and from using the VTrans logo, seal, or letterhead. In accordance with Attachment C, Standard State Provisions for Contracts and Grants, the Contractor has VTrans permission to refer to the fact that the Contractor has, or previously had, contracts with VTrans in marketing or promotional materials, as long as purely factual statements are made, and no general endorsement is asserted. Additionally, the Contractor may provide factual information regarding work under VTrans projects to other potential employers or identify designated VTrans employees or officials who could be consulted by as a reference about such prior work for VTrans. Designated VTrans employees may provide factual information regarding a Contractor's work under VTrans contracts to third parties requesting references. Contractor's providing false information regarding work under VTrans contract will be subject to administrative, civil, and criminal penalties.

## A. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION

1. Instructions for Certification – First Tier Participants:
  - a. By signing and submitting this proposal, the prospective first tier participant is providing the certification set out below.
  - b. The inability of a person to provide the certification set out below will not necessarily result in denial of participation in this covered transaction. The prospective first tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective first tier participant to furnish a certification or an explanation shall disqualify such a person from participation in this transaction.
  - c. The certification in this clause is a material representation of fact upon which reliance was placed when the contracting agency determined to enter into this transaction. If it is later determined that the prospective participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the contracting agency may terminate this transaction for cause of default.
  - d. The prospective first tier participant shall provide immediate written notice to the contracting agency to whom this proposal is submitted if any time the prospective first tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
  - e. The terms “covered transaction,” “debarred,” “suspended,” “ineligible,” “participant,” “person,” “principal,” and “voluntarily excluded,” as used in this clause, are defined in 2 CFR Parts 180 and 1200. “First Tier Covered Transactions” refers to any covered transaction between a recipient or subrecipient of Federal funds and a participant (such as the prime or general contract). “Lower Tier Covered Transactions” refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). “First Tier Participant” refers to the participant who has entered into a covered transaction with a recipient or subrecipient of Federal funds (such as the prime or general contractor). “Lower Tier Participant” refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).
  - f. The prospective first tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.
  - g. The prospective first tier participant further agrees by submitting this proposal that it

will include the clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transactions,” provided by the department or contracting agency, entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the \$25,000 threshold.

- h. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the System for Award Management website (<https://www.sam.gov/>).
- i. Nothing contained in the foregoing shall be construed to require the establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of the prospective participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- j. Except for transactions authorized under paragraph (f) of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

\* \* \* \* \*

- 2. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – First Tier Participants:
  - a. The prospective first tier participant certifies to the best of its knowledge and belief, that it and its principals:
    - i. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency;
    - ii. Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false

statements, or receiving stolen property;

- iii. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (a)(2) of this certification; and
  - iv. Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.
  - v. Are not a corporation that has been convicted of a felony violation under any Federal law within the two-year period preceding this proposal; and
  - vi. Are not a corporation with any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability.
- b. Where the prospective participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
3. Instructions for Certification - Lower Tier Participants:

(Applicable to all subcontracts, purchase orders, and other lower tier transactions requiring prior FHWA approval or estimated to cost \$25,000 or more - 2 CFR Parts 180 and 1200)

- a. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
- b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department, or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
- c. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous by reason of changed circumstances.
- d. The terms “covered transaction,” “debarred,” “suspended,” “ineligible,” “participant,” “person,” “principal,” and “voluntarily excluded,” as used in this clause, are defined in 2 CFR Parts 180 and 1200. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations. “First Tier Covered Transactions” refers to any covered transaction between a recipient or subrecipient of Federal funds and a participant (such as the prime or general contract). “Lower Tier

Covered Transactions” refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). “First Tier Participant” refers to the participant who has entered into a covered transaction with a recipient or subrecipient of Federal funds (such as the prime or general contractor). “Lower Tier Participant” refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

- e. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
- f. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction,” without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the \$25,000 threshold.
- g. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the System for Award Management website (<https://www.sam.gov/>), which is compiled by the General Services Administration.
- h. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- i. Except for transactions authorized under paragraph e of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

\* \* \* \* \*

4. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Participants:

- a. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals:
  - i. is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency;
  - ii. is a corporation that has been convicted of a felony violation under any Federal law within the two-year period preceding this proposal; and
  - iii. is a corporation with any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability.
- b. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

## B. CERTIFICATION REGARDING USE OF CONTRACT FUNDS FOR LOBBYING

1. The prospective participant certifies, by signing and submitting this bid or proposal, to the best of his or her knowledge and belief, that:
  - a. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant; the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
  - b. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
2. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than

\$10,000 and not more than \$100,000 for each such failure.

3. The prospective participant also agrees by submitting its bid or proposal that the participant shall require that the language of this certification be included in all lower tier subcontracts, which exceed \$100,000 and that all such recipients shall certify and disclose accordingly.

### C. DISADVANTAGED BUSINESS ENTERPRISE (DBE) POLICY, NONDISCRIMINATION AND RELATED CONTRACT REQUIREMENTS

Disadvantaged Business Enterprise (DBE) Policy. It shall be the policy of the Vermont Agency of Transportation (VTrans) to ensure nondiscriminatory opportunity for Disadvantaged Business Enterprises (DBEs) to participate in the performance of all contracts and subcontracts financed with Federal funds as specified by the regulations of the United States Department of Transportation (USDOT), Federal Highway Administration and as set forth below.

1. Policy. It is the policy of USDOT that DBEs as defined in 49 CFR Part 26 shall have the maximum opportunity to participate in the performance of contracts financed in whole or in part with Federal funds. Consequently, the DBE requirements of 49 CFR Part 26 and 23 CFR, Chapter I, Part 230, Subpart b apply to this contract.
2. DBE Obligation. The State and its Contractors agree to ensure that DBEs as defined in 49 CFR Part 26, have the maximum opportunity to participate in the performance of contracts and subcontracts financed in whole or in part with Federal funds. Each subcontract the prime contractor signs with a subcontractor must include this assurance: The contractor, sub recipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of USDOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy, as VTrans deems appropriate.
3. Sanctions for Noncompliance. The Contractor is hereby advised that failure of the Contractor, or any Subcontractor performing work under this contract, to carry out the requirements set forth in paragraphs 1 and 2 above shall constitute a breach of contract and after the notification of the Vermont Agency of Transportation, Secretary of Transportation, may result in termination of this contract by the State or such remedy as the State deems necessary.
4. Inclusion in Subcontracts. The Contractor shall insert in each of its subcontracts this Disadvantaged Business Enterprise (DBE) Policy and also a clause requiring its subcontractors to include this same Policy in any lower tier subcontracts which they may enter into, together with a clause requiring the inclusion of the Policy in any further subcontract that may in turn be made. This Policy shall not be incorporated by reference.

Disadvantaged Business Enterprise (DBE) Program Goals. The Vermont Agency of Transportation (VTrans) is required to set an overall DBE goal for participation in all

transportation related Federal-aid projects. The goal is determined following guidelines set forth in 49 CFR 26.45, and based on the availability of ready, willing and able DBEs who submitted bids and quotes for transportation related projects, compared as a percentage of all available contractors who submitted bids and quotes for transportation related projects during the same time period. The DBE goal may be adjusted to take into account other factors impacting DBE utilization, in an effort to narrowly tailor the overall DBE goal. The detailed goal setting methodology and current overall DBE goal may be viewed on the VTrans website at: <http://vtranscivilrights.vermont.gov/doing-business/dbe-center/program-goals>.

VTrans currently utilizes a race/gender neutral policy to fulfill its overall DBE goals, and relies on the voluntary participation of contractors to utilize certified DBEs on every project sufficient to obtain the Agency's overall DBE goal. In order for this practice to continue, contractors must be proactive and solicit bids and quotes from certified DBEs for use when submitting their own bids, and employ certified DBEs when participating on transportation related projects. Otherwise, VTrans may have to implement specified contract goals on projects to ensure the overall DBE goals are met. VTrans may include specific DBE contract goals in certain cases to ensure DBE participation, if failure to obtain the project DBE goal would negatively impact the Agency's overall DBE goal because of the size of the contract.

Disadvantaged Business Enterprise (DBE) Definition. A DBE is defined as a business that is owned and controlled by one or more socially and economically disadvantaged person(s). For the purposes of this definition:

- a. "Socially and economically disadvantaged person" means an individual who is a citizen or lawful permanent resident of the United States and who is a Woman, Black, Hispanic, Portuguese, Native American, Asian American, or a member of another group, or an individual found to be disadvantaged by the Small Business Administration pursuant to Section 3 of the Small Business Act.
- b. "Owned and controlled" means a business which is:
  - i. A sole proprietorship legitimately owned and controlled by an individual who is a disadvantaged person.
  - ii. A partnership, joint venture or limited liability company in which at least 51% of the beneficial ownership interests legitimately is held by a disadvantaged person(s).
  - iii. A corporation or other entity in which at least 51% of the voting interest and 51% of the beneficial ownership interests legitimately are held by a disadvantaged person(s).

The disadvantaged group owner(s) or stockholder(s) must possess control over management, interest in capital, and interest in earnings commensurate with percentage of ownership. Disadvantaged participation in a joint venture must also be based on the sharing of real earnings, as above. If the disadvantaged group ownership interests are real,

substantial and continuing and not created solely to meet the requirements of the program, a firm is considered a bona fide DBE.

Certified DBE Directory. The current Vermont Unified Disadvantaged Business Enterprise (DBE) Directory is available online at:

<http://vtranscivilrights.vermont.gov/doing-business/dbe-center/directory>. This directory contains all currently certified DBEs available for work in Vermont, and is updated continuously. Only firms listed in this directory are eligible for DBE credit on Vermont Federal-aid projects. If you have questions about DBE certification, or do not have access to the Internet, please call the DBE Program Manager at (802) 828-5858 for assistance.

Counting DBE Participation Towards Project Goals. In order for payments made to DBE contractors to be counted toward DBE goals, the DBE contractors must perform a commercially useful function (CUF). The DBE must be responsible for execution of the work of the contract and must carry out its responsibilities by actually performing, managing, and supervising the work involved, consistent with standard industry practices.

This means that:

- a. The DBE must also be responsible for ordering its own materials and supplies, determining quantity and quality, negotiating price, installing (where applicable) and paying for the material itself;
- b. The DBE must perform work commensurate with the amount of its contract;
- c. The DBE's contribution cannot be that of an extra participant or a conduit through which funds are passed in order to obtain the appearance of DBE participation;
- d. The DBE must exercise responsibility for at least fifty percent of the total cost of its contract with its own workforce;
- e. None of the DBE's work can be subcontracted back to the prime contractor, nor can the DBE employ the prime's or other subcontractor's supervisors currently working on the project;
- f. The DBE's labor force must be separate and apart from that of the prime contractor or other subcontractors on the project. Transferring crews between primes, subcontractors, and DBE contractors is not acceptable;
- g. The DBE owner must hold necessary professional or craft license(s) or certification(s) for the type of work he/she performs on the project;
- h. The DBE may rent or lease, at competitive rates, equipment needed on the project from customary leasing sources or from other subcontractors on the project. Allowable credit for payments made to DBEs for work performed. A contractor may take credit for payments made to a certified DBE that satisfies CUF requirements at the following

rate:

- i. A DBE Prime Contractor: Count 100% of the value of the work performed by own forces, equipment and materials towards the DBE goals.
- ii. An approved DBE subcontractor: Count 100% of the value of work performed by the DBE's own forces, equipment and materials, excluding the following:
  1. The cost of materials/supplies purchased from a non-DBE Prime Contractor.
  2. The value of work provided by non-DBE lower tier subcontractors, including non-DBE trucking to deliver asphalt to a DBE contractor.
- iii. A DBE owner-operator of construction equipment: Count 100% of expenditures committed.
- iv. A DBE manufacturer: Count 100% of expenditures committed. The manufacturer must be a firm that operates or maintains a factory or establishment that produces on the premises the materials or supplies obtained by the Contractor.
- v. A regular DBE dealer/supplier: Count 60% of expenditures committed. A regular dealer/supplier is defined as a firm that owns, operates, or maintains a store, warehouse or other establishment, in which the materials or supplies required for the performance of the contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business. A person may be a dealer in such bulk items as petroleum products, steel, cement, gravel, stone or asphalt without owning, operating or maintaining a place of business, if the person both owns and operates distribution equipment for the products, by the means of a long-term agreement, and not by a contract by contract basis.
- vi. A DBE broker: Count for DBE credit only the fees or commissions charged for assistance in the procurement, and, fees and transportation charges for the delivery of materials or supplies required at the job site, but not the cost of materials procured. A broker is defined as any person(s) or firm who arranges or expedites transactions for materials or supplies, and does not take physical possession of the materials or supplies at their place of business for resale.
- vii. A DBE renter of construction equipment to a contractor: Count 20% of expenditures committed, with or without operator.
- viii. A bona fide DBE service provider: Count 100% of reasonable fees or commissions. Eligible services include professional, technical, consultant, or managerial, services and assistance in the procurement of essential personnel, facilities, equipment, materials or supplies required for the performance of the contract. Eligible services also include agencies providing bonding and insurance specifically required for the performance of the contract.

- ix. A trucking, hauling or delivery operation: Count 100% of expenditures committed when trucks are owned, operated, licensed and insured by the DBE and used on the contract and, if applicable, includes the cost of the materials and supplies. 100% of expenditures committed when the DBE leases trucks from another DBE firm including an owner-operator. 100% of reasonable fees, or commissions, the DBE receives as a result of a lease arrangement for trucks from a non-DBE, including an owner-operator.
- x. Any combination of the above.

Removal of Approved DBE From Transportation Related Project. Contractors may not terminate for convenience, any approved DBE subcontractor and perform the work with their own forces, without prior written consent from the VTrans DBE Program Manager or VTrans Chief of Civil Rights.

Federal-aid projects which specify a DBE contract goal. The provisions of the Vermont Agency of Transportation Supplemental Specification – Disadvantaged Business Enterprise (DBE) Utilization (CA 160) shall apply to all VTrans Federal-aid projects which specify a DBE contract goal.

Compliance with Prompt Payment Statute. In accordance with Vermont's Prompt Payment Act and VTrans Standard Specifications for Construction, Section 107.01(g), the Contractor shall fully comply with the provisions of 9 V.S.A. Chapter 102, also referred to as Act No. 74 of 1991 or the Prompt Payment Act, as amended.

Subcontractor Payments. In accordance with VTrans Standard Specifications for Construction, Section 107.01(h), on all Federal-aid and state funded contracts, the Contractor, during the life of the Contract and on a monthly basis, shall submit electronically, a listing of payments to subcontractors on the form specified by the State and made available at:

<http://vtranscivilrights.vermont.gov/doingbusiness/contractors-center/compliance>.

Electronic reports shall be filed with the Agency Office of Civil Rights by an authorized representative and received in the Agency Office of Civil Rights on or before the tenth working day after month end. Contractors without access to the internet shall obtain and submit manual reports to the Agency Office of Civil Rights. Manual reports shall be signed by an authorized representative, sent to the Agency Office of Civil Rights, and postmarked on or before the tenth working day after month end. There shall be no direct compensation allowed the Contractor for this work, but the cost thereof shall be included in the general cost of the work. In accordance with 9 V.S.A. Section 4003, notwithstanding any contrary agreement, payments made to subcontractors after seven days from receipt of a corresponding progress payment by the State to the Contractor, or seven days after receipt of a subcontractor's invoice, whichever is later, violate this agreement. Violations shall be reported to the Agency Office of Civil Rights for review. Failure to resolve disputes in a timely manner may result in a complaint made to the Agency Pre-qualification Committee. In this Committee's judgment, appropriate penalties may be involved for failure to comply

with this specification. Penalties may include suspension, reduction, or revocation of the Contractor's pre-qualification rating. This clause shall be included in the prime Contractor's Contract made with all of its subcontractors.

## D. NONDISCRIMINATION AND RELATED CONTRACT REQUIREMENTS

The provisions of 23 CFR Part 230 are not applicable to material supply, engineering, or architectural service contracts.

In addition, the contractor and all subcontractors must comply with the following policies: Executive Order 11246, 41 CFR 60, 29 CFR 1625-1627, Title 23 USC Section 140, the Rehabilitation Act of 1973, as amended (29 USC 794), Title VI of the Civil Rights Act of 1964, as amended, and related regulations including 49 CFR Parts 21, 26 and 27; and 23 CFR Parts 200, 230, and 633.

The contractor and all subcontractors must comply with: the requirements of the Equal Opportunity Clause in 41 CFR 60-1.4(b) and, for all construction contracts exceeding \$10,000, the Standard Federal Equal Employment Opportunity Construction Contract Specifications in 41 CFR 60-4.3.

Note: The U.S. Department of Labor has exclusive authority to determine compliance with Executive Order 11246 and the policies of the Secretary of Labor including 41 CFR 60, and 29 CFR 1625-1627. The contracting agency and the FHWA have the authority and the responsibility to ensure compliance with Title 23 USC Section 140, the Rehabilitation Act of 1973, as amended (29 USC 794), and Title VI of the Civil Rights Act of 1964, as amended, and related regulations including 49 CFR Parts 21, 26 and 27; and 23 CFR Parts 200, 230, and 633.

The following provision is adopted from 23 CFR 230, Appendix A, with appropriate revisions to conform to the U.S. Department of Labor (US DOL) and FHWA requirements.

### 1. Equal Employment Opportunity

Equal employment opportunity (EEO) requirements not to discriminate and to take affirmative action to assure equal opportunity as set forth under laws, executive orders, rules, regulations (28 CFR 35, 29 CFR 1630, 29 CFR 1625-1627, 41 CFR 60 and 49 CFR 27) and orders of the Secretary of Labor as modified by the provisions prescribed herein, and imposed pursuant to 23 USC 140 shall constitute the EEO and specific affirmative action standards for the contractor's project activities under this contract. The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) set forth under 28 CFR 35 and 29 CFR 1630 are incorporated by reference in this contract. In the execution of this contract, the contractor agrees to comply with the following minimum specific requirement activities of EEO:

- a. The contractor will work with the contracting agency and the Federal Government to ensure that it has made every good faith effort to provide equal opportunity with respect to all of its terms and conditions of employment and in their review of activities under the contract.

b. The contractor will accept as its operating policy the following statement:

“It is the policy of this Company to assure that applicants are employed, and that employees are treated during employment, without regard to their race, religion, sex, color, national origin, age or disability. Such action shall include: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship, pre-apprenticeship, and/or on-the-job training.”

2. EEO Officer

The contractor will designate and make known to the contracting officers an EEO Officer who will have the responsibility for and must be capable of effectively administering and promoting an active EEO program and who must be assigned adequate authority and responsibility to do so.

3. Dissemination of Policy

All members of the contractor's staff who are authorized to hire, supervise, promote, and discharge employees, or who recommend such action, or who are substantially involved in such action, will be made fully cognizant of, and will implement, the contractor's EEO policy and contractual responsibilities to provide EEO in each grade and classification of employment. To ensure that the above agreement will be met, the following actions will be taken as a minimum:

- a. Periodic meetings of supervisory and personnel office employees will be conducted before the start of work and then not less often than once every six months, at which time the contractor's EEO policy and its implementation will be reviewed and explained. The meetings will be conducted by the EEO Officer.
- b. All new supervisory or personnel office employees will be given a thorough indoctrination by the EEO Officer, covering all major aspects of the contractor's EEO obligations within thirty days following their reporting for duty with the contractor.
- c. All personnel who are engaged in direct recruitment for the project will be instructed by the EEO Officer in the contractor's procedures for locating and hiring minorities and women.
- d. Notices and posters setting forth the contractor's EEO policy will be placed in areas readily accessible to employees, applicants for employment and potential employees.
- e. The contractor's EEO policy and the procedures to implement such policy will be brought to the attention of employees by means of meetings, employee handbooks, or other appropriate means.

4. Recruitment

When advertising for employees, the contractor will include in all advertisements for

employees the notation: “An Equal Opportunity Employer.” All such advertisements will be placed in publications having a large circulation among minorities and women in the area from which the project workforce would normally be derived.

- a. The contractor will, unless precluded by a valid bargaining agreement, conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minorities and women. To meet this requirement, the contractor will identify sources of potential minority group employees, and establish with such identified sources procedures whereby minority and women applicants may be referred to the contractor for employment consideration.
- b. In the event the contractor has a valid bargaining agreement providing for exclusive hiring hall referrals, the contractor is expected to observe the provisions of that agreement to the extent that the system meets the contractor's compliance with EEO contract provisions. Where implementation of such an agreement has the effect of discriminating against minorities or women, or obligates the contractor to do the same, such implementation violates Federal nondiscrimination provisions.
- c. The contractor will encourage its present employees to refer minorities and women as applicants for employment. Information and procedures with regard to referring such applicants will be discussed with employees.

5. Personnel Actions

Wages, working conditions, and employee benefits shall be established and administered, and personnel actions of every type, including hiring, upgrading, promotion, transfer, demotion, layoff, and termination, shall be taken without regard to race, color, religion, sex, national origin, age or disability. The following procedures shall be followed:

- a. The contractor will conduct periodic inspections of project sites to insure that working conditions and employee facilities do not indicate discriminatory treatment of project site personnel.
- b. The contractor will periodically evaluate the spread of wages paid within each classification to determine any evidence of discriminatory wage practices.
- c. The contractor will periodically review selected personnel actions in depth to determine whether there is evidence of discrimination. Where evidence is found, the contractor will promptly take corrective action. If the review indicates that the discrimination may extend beyond the actions reviewed, such corrective action shall include all affected persons.
- d. The contractor will promptly investigate all complaints of alleged discrimination made to the contractor in connection with its obligations under this contract, will attempt to resolve such complaints, and will take appropriate corrective action within a reasonable time. If the investigation indicates that the discrimination may affect persons other than the complainant, such corrective action shall include such other persons. Upon

completion of each investigation, the contractor will inform every complainant of all of their avenues of appeal.

## 6. Training and Promotion

- a. The contractor will assist in locating, qualifying, and increasing the skills of minorities and women who are applicants for employment or current employees. Such efforts should be aimed at developing full journey level status employees in the type of trade or job classification involved.
- b. Consistent with the contractor's workforce requirements and as permissible under Federal and State regulations, the contractor shall make full use of training programs, i.e., apprenticeship, and on-the-job training programs for the geographical area of contract performance. In the event a special provision for training is provided under this contract, this subparagraph will be superseded as indicated in the special provision. The contracting agency may reserve training positions for persons who receive welfare assistance in accordance with 23 U.S.C. 140(a).
- c. The contractor will advise employees and applicants for employment of available training programs and entrance requirements for each.
- d. The contractor will periodically review the training and promotion potential of employees who are minorities and women and will encourage eligible employees to apply for such training and promotion.

## 7. Unions

If the contractor relies in whole or in part upon unions as a source of employees, the contractor will use good faith efforts to obtain the cooperation of such unions to increase opportunities for minorities and women. Actions by the contractor, either directly or through a contractor's association acting as agent, will include the procedures set forth below:

- a. The contractor will use good faith efforts to develop, in cooperation with the unions, joint training programs aimed toward qualifying more minorities and women for membership in the unions and increasing the skills of minorities and women so that they may qualify for higher paying employment.
- b. The contractor will use good faith efforts to incorporate an EEO clause into each union agreement to the end that such union will be contractually bound to refer applicants without regard to their race, color, religion, sex, national origin, age or disability.
- c. The contractor is to obtain information as to the referral practices and policies of the labor union except that to the extent such information is within the exclusive possession of the labor union and such labor union refuses to furnish such information to the contractor, the contractor shall so certify to the contracting agency and shall set forth what efforts have been made to obtain such information.

d. In the event the union is unable to provide the contractor with a reasonable flow of referrals within the time limit set forth in the collective bargaining agreement, the contractor will, through independent recruitment efforts, fill the employment vacancies without regard to race, color, religion, sex, national origin, age or disability; making full efforts to obtain qualified and/or qualifiable minorities and women. The failure of a union to provide sufficient referrals (even though it is obligated to provide exclusive referrals under the terms of a collective bargaining agreement) does not relieve the contractor from the requirements of this paragraph. In the event the union referral practice prevents the contractor from meeting the obligations pursuant to Executive Order 11246, as amended, and these special provisions, such contractor shall immediately notify the contracting agency.

8. Reasonable Accommodation for Applicants / Employees with Disabilities

The contractor must be familiar with the requirements for and comply with the Americans with Disabilities Act and all rules and regulations established there under. Employers must provide reasonable accommodation in all employment activities unless to do so would cause an undue hardship.

9. Selection of Subcontractors, Procurement of Materials and Leasing of Equipment

The contractor shall not discriminate on the grounds of race, color, religion, sex, national origin, age or disability in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The contractor shall take all necessary and reasonable steps to ensure nondiscrimination in the administration of this contract.

a. The contractor shall notify all potential subcontractors and suppliers and lessors of their EEO obligations under this contract.

b. The contractor will use good faith efforts to ensure subcontractor compliance with their EEO obligations.

10. Assurance Required by 49 CFR 26.13(b)

a. The requirements of 49 CFR Part 26 and the State DOT's U.S. DOT-approved DBE program are incorporated by reference.

b. The contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the contracting agency deems appropriate.

11. Records and Reports

The contractor shall keep such records as necessary to document compliance with the EEO requirements. Such records shall be retained for a period of three years following the date of the final payment to the contractor for all contract work and shall be available at

reasonable times and places for inspection by authorized representatives of the contracting agency and the FHWA.

- a. The records kept by the contractor shall document the following:
  - i. The number and work hours of minority and non-minority group members and women employed in each work classification on the project;
  - ii. The progress and efforts being made in cooperation with unions, when applicable, to increase employment opportunities for minorities and women; and
  - iii. The progress and efforts being made in locating, hiring, training, qualifying, and upgrading minorities and women.
- b. The contractors and subcontractors will submit an annual report to the contracting agency each July for the duration of the project, indicating the number of minority, women, and non-minority group employees currently engaged in each work classification required by the contract work. This information is to be reported on Form FHWA-1391. The staffing data should represent the project workforce on board in all or any part of the last payroll period preceding the end of July. If on-the-job training is required by special provision, the contractor will be required to collect and report training data. The employment data should reflect the workforce on board during all or any part of the last payroll period preceding the end of July.

## E. NONSEGREGATED FACILITIES

The contractor must ensure that facilities provided for employees are provided in such a manner that segregation on the basis of race, color, religion, sex, or national origin cannot result. The contractor may neither require such segregated use by written or oral policies nor tolerate such use by employee custom. The contractor's obligation extends further to ensure that its employees are not assigned to perform their services at any location under the contractor's control, where the facilities are segregated. The term "facilities" includes waiting rooms, work areas, restaurants and other eating areas, time clocks, restrooms, washrooms, locker rooms, and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing provided for employees. The contractor shall provide separate or single-user restrooms and necessary dressing or sleeping areas to assure privacy between sexes.

## F. SUBLETTING OR ASSIGNING THE CONTRACT

1. The contractor shall perform with its own organization contract work amounting to not less than 30 percent (or a greater percentage if specified elsewhere in the contract) of the total original contract price, excluding any specialty items designated by the contracting agency. Specialty items may be performed by subcontract and the amount of any such specialty items performed may be deducted from the total original contract price before computing the amount of work required to be performed by the contractor's own organization (23 CFR 635.116).

- a. The phrase “perform work with its own organization” refers to workers employed or leased by the prime contractor, and equipment owned or rented by the prime contractor, with or without operators. Such term does not include employees or equipment of a subcontractor or lower tier subcontractor, agents of the prime contractor, or any other assignees. The term may include payments for the costs of hiring leased employees from an employee leasing firm meeting all relevant Federal and State regulatory requirements. Leased employees may only be included in this term if the prime contractor meets all of the following conditions:
    - i. The prime contractor maintains control over the supervision of the day-to-day activities of the leased employees;
    - ii. The prime contractor remains responsible for the quality of the work of the leased employees;
    - iii. The prime contractor retains all power to accept or exclude individual employees from work on the project; and
    - iv. The prime contractor remains ultimately responsible for the payment of predetermined minimum wages, the submission of payrolls, statements of compliance and all other Federal regulatory requirements.
  - b. “Specialty Items” shall be construed to be limited to work that requires highly specialized knowledge, abilities, or equipment not ordinarily available in the type of contracting organizations qualified and expected to bid or propose on the contract as a whole and in general are to be limited to minor components of the overall contract.
2. The contract amount upon which the requirements set forth in paragraph (1) of Section VI is computed includes the cost of material and manufactured products which are to be purchased or produced by the contractor under the contract provisions.
  3. The contractor shall furnish (a) a competent superintendent or supervisor who is employed by the firm, has full authority to direct performance of the work in accordance with the contract requirements, and is in charge of all construction operations (regardless of who performs the work) and (b) such other of its own organizational resources (supervision, management, and engineering services) as the contracting officer determines is necessary to assure the performance of the contract.
  4. No portion of the contract shall be sublet, assigned or otherwise disposed of except with the written consent of the contracting officer, or authorized representative, and such consent when given shall not be construed to relieve the contractor of any responsibility for the fulfillment of the contract. Written consent will be given only after the contracting agency has assured that each subcontract is evidenced in writing and that it contains all pertinent provisions and requirements of the prime contract.

5. The 30% self-performance requirement of paragraph (1) is not applicable to design-build contracts; however, contracting agencies may establish their own self-performance requirements.

## G. SAFETY: ACCIDENT PREVENTION

1. In the performance of this contract the contractor shall comply with all applicable Federal, State, and local laws governing safety, health, and sanitation (23 CFR 635). The contractor shall provide all safeguards, safety devices and protective equipment and take any other needed actions as it determines, or as the contracting officer may determine, to be reasonably necessary to protect the life and health of employees on the job and the safety of the public and to protect property in connection with the performance of the work covered by the contract.
2. It is a condition of this contract, and shall be made a condition of each subcontract, which the contractor enters into pursuant to this contract, that the contractor and any subcontractor shall not permit any employee, in performance of the contract, to work in surroundings or under conditions which are unsanitary, hazardous or dangerous to his/her health or safety, as determined under construction safety and health standards (29 CFR 1926) promulgated by the Secretary of Labor, in accordance with Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704).
3. Pursuant to 29 CFR 1926.3, it is a condition of this contract that the Secretary of Labor or authorized representative thereof, shall have right of entry to any site of contract performance to inspect or investigate the matter of compliance with the construction safety and health standards and to carry out the duties of the Secretary under Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C.3704).

## H. FALSE STATEMENTS CONCERNING HIGHWAY PROJECTS

In order to assure high quality and durable construction in conformity with approved plans and specifications and a high degree of reliability on statements and representations made by engineers, contractors, suppliers, and workers on Federal-aid highway projects, it is essential that all persons concerned with the project perform their functions as carefully, thoroughly, and honestly as possible. Willful falsification, distortion, or misrepresentation with respect to any facts related to the project is a violation of Federal law. To prevent any misunderstanding regarding the seriousness of these and similar acts, Form FHWA-1022 shall be posted on each Federal-aid highway project (23 CFR 635) in one or more places where it is readily available to all persons concerned with the project.

18 U.S.C. 1020 reads as follows:

“Whoever, being an officer, agent, or employee of the United States, or of any State or Territory, or whoever, whether a person, association, firm, or corporation, knowingly makes any false statement, false representation, or false report as to the character, quality, quantity, or cost of the material used or to be used, or the quantity or quality of the work performed or to

be performed, or the cost thereof in connection with the submission of plans, maps, specifications, contracts, or costs of construction on any highway or related project submitted for approval to the Secretary of Transportation; or

“Whoever knowingly makes any false statement, false representation, false report or false claim with respect to the character, quality, quantity, or cost of any work performed or to be performed, or materials furnished or to be furnished, in connection with the construction of any highway or related project approved by the Secretary of Transportation; or

“Whoever knowingly makes any false statement or false representation as to material fact in any statement, certificate, or report submitted pursuant to provisions of the Federal-Aid Roads Act approved July 1, 1916, (39 Stat. 355), as amended and supplemented; shall be fined under this title or imprisoned not more than 5 years or both.”

## I. IMPLEMENTATION OF CLEAN AIR ACT AND FEDERAL WATER POLLUTION CONTROL ACT

By submission of this bid/proposal or the execution of this contract, or subcontract, as appropriate, the bidder, proposer, Federal-aid construction contractor, or subcontractor, as appropriate, will be deemed to have stipulated as follows:

1. That any person who is or will be utilized in the performance of this contract is not prohibited from receiving an award due to a violation of Section 508 of the Clean Water Act or Section 306 of the Clean Air Act.
2. That the contractor agrees to include or cause to be included the requirements of paragraph (I) of this Section X in every subcontract, and further agrees to take such action as the contracting agency may direct as a means of enforcing such requirements.

## J. ENERGY CONSERVATION

The contractor agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

## K. USED OR RECYCLED OR RECOVERED MATERIALS

Contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

## Certification for Federal-Aid Contracts

**The prospective participant certifies by signing and submitting this bid or proposal, to the best of his or her knowledge and belief, that:**

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

This certification is material representation of the fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each failure.

The prospective participant also agrees by submitting his or her bid or proposal that he or she shall require that the language of this certification be included in all lower tier subcontracts, which exceed \$100,000 and that all such subrecipients shall certify and disclose accordingly.

## DISADVANTAGED BUSINESS ENTERPRISE (DBE) POLICY CONTRACT REQUIREMENTS

**Disadvantaged Business Enterprise (DBE) Policy.** It shall be the policy of the Vermont Agency of Transportation (VTrans) to ensure nondiscriminatory opportunity for Disadvantaged Business Enterprises (DBEs) to participate in the performance of all contracts and subcontracts financed with Federal funds as specified by the regulations of the United States Department of Transportation (USDOT) and as set forth below.

1. **Policy.** It is the policy of USDOT that DBEs as defined in 49 Code of Federal Regulation (CFR) Part 26 shall have the maximum opportunity to participate in the performance of contracts financed in whole or in part with Federal funds. Consequently, the DBE requirements of 49 CFR Part 26 and 23 CFR, Chapter 1, Part 230, Subpart b apply to this contract.
2. **DBE Obligation.** The State and its Contractors agree to ensure that DBEs as defined in 49 CFR Part 26, have the maximum opportunity to participate in the performance of contracts and subcontracts financed in whole or in part with Federal funds. **Each subcontract the prime contractor signs with a subcontractor must include this assurance:** *The contractor, sub recipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of USDOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy, as VTrans deems appropriate.*
3. **Sanctions for Noncompliance.** The Contractor is hereby advised that failure of the Contractor, or any Subcontractor performing work under this contract, to carry out the requirements set forth in paragraphs 1 and 2 above shall constitute a breach of contract and after the notification of the Vermont Agency of Transportation, Secretary of Transportation, may result in termination of this contract by the State or such remedy as the State deems necessary.
4. **Inclusion in Subcontracts.** The Contractor shall insert in each of its subcontracts this Disadvantaged Business Enterprise (DBE) Policy and also a clause requiring its subcontractors to include this same Policy in any lower tier subcontracts which they may enter into, together with a clause requiring the inclusion of the Policy in any further subcontract that may in turn be made. This Policy shall not be incorporated by reference.

**Disadvantaged Business Enterprise (DBE) Program Goals.** The Vermont Agency of Transportation (VTrans) is required to set an overall DBE goal for participation in all transportation related Federal-aid projects. The goal is determined following guidelines set forth in 49 CFR 26.45, and based on the availability of ready, willing and able DBEs who submitted bids and quotes for transportation related projects, compared as a percentage of all available contractors who submitted bids and quotes for transportation related projects during the same time period. The DBE goal may be adjusted to take into account other factors impacting DBE utilization, in an effort to narrowly tailor the overall DBE goal. The detailed goal setting methodology and current overall DBE goal may be viewed on the VTrans website at: <http://vtrans.vermont.gov/civil-rights/doing-business/dbe-center/program-goals>

The VTrans overall DBE goal is currently achieved by a combination of contract specific goals and a race/gender neutral policy. Contractors should be proactive and solicit bids and quotes from certified DBEs for use when submitting their own bids and employ certified DBEs when participating on transportation related projects.

**Disadvantaged Business Enterprise (DBE) Definition.** A DBE is defined as a business that is owned and controlled by one or more socially and economically disadvantaged person(s). For the purposes of this definition:

- (1) "Socially and economically disadvantaged person" means an individual who is a citizen or lawful permanent resident of the United States and who is a Woman, Black, Hispanic, Portuguese, Native American, Asian American, or a member of another group, or an individual found to be disadvantaged by the Small Business Administration pursuant to Section 3 of the Small Business Act.
- (2) "Owned and controlled" means a business which is:
  - a. A sole proprietorship legitimately owned and controlled by an individual who is a disadvantaged person.
  - b. A partnership, joint venture or limited liability company in which at least 51% of the beneficial ownership interests legitimately is held by a disadvantaged person(s).
  - c. A corporation or other entity in which at least 51% of the voting interest and 51% of the beneficial ownership interests legitimately are held by a disadvantaged person(s).

The disadvantaged group owner(s) or stockholder(s) must possess control over management, interest in capital, and interest in earnings commensurate with percentage of ownership. Disadvantaged participation in a joint venture must also be based on the sharing of real earnings, as above. If the disadvantaged group ownership interests are real, substantial and continuing and not created solely to meet the requirements of the program, a firm is considered a bona fide DBE.

**Certified DBE Directory.** The current Vermont Unified Disadvantaged Business Enterprise (DBE) Directory is available online at: <http://vtrans.vermont.gov/civil-rights/doing-business/dbe-center/directory>. This directory contains all currently certified DBEs available for work in Vermont and is updated continuously. Only firms listed in this directory are eligible for DBE credit on Vermont Federal-aid projects. If you have questions about DBE certification, or do not have access to the Internet, please call the [AOT DBE Program Manager](#) for assistance.

**Counting DBE Participation Towards Project Goals.** For payments made to DBE contractors to be counted toward DBE goals, the DBE contractors must perform a commercially useful function (CUF). The DBE must be responsible for execution of the work of the contract and must carry out its responsibilities by performing, managing, and supervising the work involved, consistent with standard industry practices.

This means that:

- The DBE must also be responsible for ordering its own materials and supplies, determining quantity and quality, negotiating price, installing (where applicable) and paying for the material itself;
- The DBE must perform work commensurate with the amount of its contract;
- The DBE's contribution cannot be that of an extra participant or a conduit through which funds are passed in order to obtain the appearance of DBE participation;
- The DBE must exercise responsibility for at least fifty percent of the total cost of its contract with its own workforce;
- None of the DBE's work can be subcontracted back to the prime contractor, nor can the DBE employ the prime's or other subcontractor's supervisors currently working on the project;
- The DBE's labor force must be separate and apart from that of the prime contractor or other subcontractors on the project. Transferring crews between primes, subcontractors, and DBE contractors is not acceptable;
- The DBE owner must hold necessary professional or craft license(s) or certification(s) for the type of work he/she performs on the project;
- The DBE may rent or lease, at competitive rates, equipment needed on the project from customary leasing sources or from other subcontractors on the project.

**Allowable credit for payments made to DBEs for work performed.** A contractor may take credit for payments made to a certified DBE that satisfies CUF requirements at the following rate:

- A DBE Prime Contractor: Count 100% of the value of the work performed by own forces, equipment and materials towards the DBE goals.
- An approved DBE subcontractor: Count 100% of the value of work performed by the DBE's own forces, equipment and materials, excluding the following:
  - The cost of materials/supplies purchased from a non-DBE Prime Contractor.
  - The value of work provided by non-DBE lower tier subcontractors, including non-DBE trucking to deliver asphalt to a DBE contractor.
- A DBE owner-operator of construction equipment: Count 100% of expenditures committed.
- A DBE manufacturer: Count 100% of expenditures committed. The manufacturer must be a firm that operates or maintains a factory or establishment that produces on the premises the materials or supplies obtained by the Contractor.
- A regular DBE dealer/supplier: Count 60% of expenditures committed. A regular dealer/supplier is defined as a firm that owns, operates, or maintains a store, warehouse or other establishment, in which the materials or supplies required for the performance of the contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business. A person may

be a dealer in such bulk items as petroleum products, steel, cement, gravel, stone or asphalt without owning, operating or maintaining a place of business, if the person both owns and operates distribution equipment for the products, by the means of a long term agreement, and not by a contract by contract basis.

- A DBE broker: Count for DBE credit only the fees or commissions charged for assistance in the procurement, and, fees and transportation charges for the delivery of materials or supplies required at the job site, but not the cost of materials procured. A broker is defined as any person(s) or firm who arranges or expedites transactions for materials or supplies, and does not take physical possession of the materials or supplies at their place of business for resale.
- A DBE renter of construction equipment to a contractor: Count 20% of expenditures committed, with or without operator.
- A bona fide DBE service provider: Count 100% of reasonable fees or commissions. Eligible services include professional, technical, consultant, or managerial, services and assistance in the procurement of essential personnel, facilities, equipment, materials or supplies required for the performance of the contract. Eligible services also include agencies providing bonding and insurance specifically required for the performance of the contract.
- A trucking, hauling or delivery operation: Count 100% of expenditures committed when trucks are owned, operated, licensed and insured by the DBE and used on the contract and, if applicable, includes the cost of the materials and supplies. 100% of expenditures committed when the DBE leases trucks from another DBE firm including an owner-operator. 100% of reasonable fees, or commissions, the DBE receives as a result of a lease arrangement for trucks from a non-DBE, including an owner-operator.
- Any combination of the above.

**Removal of Approved DBE From Transportation Related Project.** Contractors may not terminate for convenience, any approved DBE subcontractor and perform the work with their own forces, without prior written consent from the [AOT DBE Program Manager or the AOT Civil Rights Director](#)

**Federal-aid projects which specify a DBE contract goal.** The provisions of the Vermont Agency of Transportation Supplemental Specification – Disadvantaged Business Enterprise (DBE) Utilization (CR 160) shall apply to all VTrans Federal-aid projects which specify a DBE contract goal.

**Compliance With Prompt Payment Statute.** In accordance with Vermont’s Prompt Payment Act and VTrans Standard Specifications for Construction, Section 107.01(g), the Contractor shall fully comply with the provisions of 9 V.S.A. Chapter 102, also referred to as Act No. 74 of 1991 or the Prompt Payment Act, as amended.

**Subcontractor Payments.** In accordance with VTrans Standard Specifications for Construction, Section 107.01(h), on all federal-aid and state funded contracts, the

Contractor, during the life of the Contract and on a monthly basis, shall submit electronically, a listing of payments to subcontractors on the form specified by the State and made available at: <http://apps.vtrans.vermont.gov/promptpay/>. Electronic reports shall be filed with the Agency Office of Civil Rights by an authorized representative and received in the Agency Office of Civil Rights on or before the tenth working day after month end. Contractors without access to the internet shall obtain and submit manual reports to the Agency Office of Civil Rights. Manual reports shall be signed by an authorized representative, sent to the Agency Office of Civil Rights, and postmarked on or before the tenth working day after month end. There shall be no direct compensation allowed the Contractor for this work, but the cost thereof shall be included in the general cost of the work. In accordance with 9 V.S.A. Section 4003, notwithstanding any contrary agreement, payments made to subcontractors after seven days from receipt of a corresponding progress payment by the State to the Contractor, or seven days after receipt of a subcontractor's invoice, whichever is later, violate this agreement. Violations shall be reported to the Agency Office of Civil Rights for review. Failure to resolve disputes in a timely manner may result in a complaint made to the Agency Pre-qualification Committee. In this Committee's judgment, appropriate penalties may be involved for failure to comply with this specification. Penalties may include suspension, reduction or revocation of the Contractor's pre-qualification rating. This clause shall be included in the prime Contractor's Contract made with all if its subcontractors.

## Assurance Appendix A

During the performance of this contract, the contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the “contractor”) agrees as follows:

1. **Compliance with Regulations:** The contractor (hereinafter includes consultants) will comply with the Acts and the Regulations relative to Nondiscrimination in Federally-assisted programs of the U.S. Department of Transportation, Federal Highway Administration (FHWA), as they may be amended from time to time, which are herein incorporated by reference and made a part of this contract.
2. **Nondiscrimination:** The contractor, with regard to the work performed by it during the contract, will not discriminate on the grounds of race, color, national origin, sex, age, disability, income-level, or LEP in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The contractor will not participate directly or indirectly in the discrimination prohibited by the Acts and the Regulations as set forth in Appendix E, including employment practices when the contract covers any activity, project, or program set forth in Appendix B of 49 CFR Part 21.
3. **Solicitations for Subcontracts, Including Procurements of Materials and Equipment:** In all solicitations, either by competitive bidding, or negotiation made by the contractor for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subcontractor or supplier will be notified by the contractor of the contractor’s obligations under this contract and the Acts and the Regulations relative to Non-discrimination on the grounds of race, color, national origin, sex, age, disability, income-level, or LEP.
4. **Information and Reports:** The contractor will provide all information and reports required by the Acts, the Regulations and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Recipient or the FHWA to be pertinent to ascertain compliance with such Acts, Regulations, and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish the information, the contractor will so certify to the Recipient or the FHWA, as appropriate, and will set forth what efforts it has made to obtain the information.
5. **Sanctions for Noncompliance:** In the event of a contractor’s noncompliance with the Non-discrimination provisions of this contract, the Recipient will impose such contract sanctions as it or the FHWA may determine to be appropriate, including, but not limited to:
  - a. withholding payments to the contractor under the contract until the contractor complies; and/or
  - b. cancelling, terminating, or suspending a contract, in whole or in part.
6. **Incorporation of Provisions:** The contractor will include the provisions of paragraphs one through six in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations and directives issued pursuant thereto. The contractor will take action with respect to any subcontract or procurement

as the Recipient or the FHWA may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if the contractor becomes involved in, or is threatened with litigation by a subcontractor, or supplier because of such direction, the contractor may request the Recipient to enter into any litigation to protect the interests of the Recipient. In addition, the contractor may request the United States to enter into the litigation to protect the interests of the United States.

## ***Assurance Appendix E***

During the performance of this contract, the contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the “contractor”) agrees to comply with the following non-discrimination statutes and authorities; including but not limited to:

- Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d *et seq.*, 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin), as implemented by 49 C.F.R. § 21.1 *et seq.* and 49 C.F.R. § 303;
- The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 U.S.C. § 4601), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);
- Federal-Aid Highway Act of 1973, (23 U.S.C. § 324 *et seq.*), (prohibits discrimination on the basis of sex);
- Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 *et seq.*), as amended, (prohibits discrimination on the basis of disability); and 49 CFR Part 27;
- The Age Discrimination Act of 1975, as amended, (42 U.S.C. § 6101 *et seq.*), (prohibits discrimination on the basis of age);
- Airport and Airway Improvement Act of 1982, (49 USC § 471, Section 47123), as amended, (prohibits discrimination based on race, creed, color, national origin, or sex);
- The Civil Rights Restoration Act of 1987, (102 Stat. 28.), (“...*which restore[d] the broad scope of coverage and to clarify the application of title IX of the Education Amendments of 1972, section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, and title VI of the Civil Rights Act of 1964.*”);
- Titles II and III of the Americans with Disabilities Act, which prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 U.S.C. §§ 12131 – 12189) as implemented by Department of Justice regulations at 28 C.F.R. parts 35 and 36, and Department of Transportation regulations at 49 C.F.R. parts 37 and 38;
- The Federal Aviation Administration’s Non-discrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex);
- Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which ensures non-discrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations;
- Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087 to 74100);
- Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. 1681 *et seq.*), as implemented by 49 C.F.R. § 25.1 *et seq.*

State Contract No.  
Federal-Aid Project:

**CERTIFICATION OF CONTRACTOR / CONSULTANT**

I hereby certify that I am the \_\_\_\_\_ and duly authorized representative of the firm of \_\_\_\_\_, whose address is \_\_\_\_\_, and that neither I nor the above firm I here represent has:

- (a) Employed or retained for a commission, percentage, brokerage, contingent fee, or other consideration, any firm or person (other than a bona fide employee working solely for me or the above consultant) to solicit or secure this contract,
- (b) Agreed, as an express or implied condition for obtaining this contract, to employ or retain the services of any firm or person in connection with carrying out the contract, or
- (c) Paid, or agreed to pay, to any firm, organization or person (other than a bona fide employee working solely for me or the above consultant) any fee, contribution, donation, or the consideration of any kind for, or in connection with, procuring or carrying out the contract; except as here expressly stated (if any):

I acknowledge that this certificate is to be furnished to the State Agency of Transportation and the U. S. Department of Transportation, Federal Highway Administration, in connection with this contract involving participation of Federal-Aid highway funds, and is subject to applicable State and Federal laws, both criminal and civil.

**CERTIFICATION REGARDING LOBBYING**

1. The prospective contractor certifies, to the best of his or her knowledge and belief, under the penalties of perjury under the laws of the State of Vermont and the United States that on behalf of the person, firm, association, or corporation he or she represents, that:
  - a. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
  - b. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions. The form and instructions can be found here: [CERTIFICATION REGARDING LOBBYING \(state.gov\)](#)
2. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.
3. The prospective contractor also agrees that they shall require that the language of this certification be included in all lower tier subcontracts which exceed \$100,000 and that all such recipients shall certify and disclose accordingly.

**CONTRACTOR'S EEO CERTIFICATION FORM**

Certification with regard to the Performance of Previous Contracts of Subcontracts subject to the Equal Opportunity Clause and the filing of Required Reports.

The bidder \_\_\_\_\_, proposed subcontractor \_\_\_\_\_, hereby certifies that he/she has \_\_\_\_\_, has not \_\_\_\_\_ participated in a previous contract or subcontract subject to the equal opportunity clause, as required by Executive Orders 10925, 11114, or 11246 as amended, and that he/she has \_\_\_\_\_, has not \_\_\_\_\_, filed with the Joint Reporting Committee, the Director of the Office of Federal Contract Compliance, a Federal Government contracting or administering agency, or the President's Committee on Equal Employment Opportunity, all reports due under the applicable filing requirements.

|         |    |       |
|---------|----|-------|
| Company | By | Title |
|---------|----|-------|

NOTE: The above certification is required by the Equal Employment Opportunity regulations of the Secretary of Labor (41 CFR 60-1.7(b) (1)), and must be submitted by bidders and proposed subcontractors only in connection with contracts and subcontracts which are subject to the equal opportunity clause. Contracts and subcontracts which are exempt from the equal opportunity clause are set forth in 41 CFR 60-1.5 (Generally only contracts or subcontracts of \$10,000 or under are exempt.) Currently, Standard Form 100 (EEO-1) is the only report required by the Executive Orders or their implementing regulations.

Proposed prime contractors and subcontractors who have participated in a previous contract or subcontract subject to the Executive Orders and have not filed the required reports should note that 41 CFR 60-1.7 (b) (1) prevents the award of contracts and subcontracts unless such contractor submits a report covering the delinquent period or such other period specified by the Federal Highway Administration, or by the Director, Office of Federal Contract Compliance, U.S. Department of Labor.

**WORKER CLASSIFICATION COMPLIANCE REQUIREMENT**

**Subcontractor Reporting Form  
Form 2 of 2**

**This form must be completed in its entirety by the Contractor and included in all requests to sublet or assign work as outlined in Section 108.01 of the Standard Specifications for Construction. This form must be updated as necessary and provided to the State as additional subcontractors are hired.**

The Agency of Transportation in accordance with Act 54, Section 32 of the Acts of 2009 and for total project costs exceeding \$250,000.00 requires the contractor to comply with the following provisions and requirements:

The Contractor is required to provide a list of subcontractors on the job along with lists of subcontractor's subcontractors and by whom those subcontractors are insured for workers' compensation purposes. Include additional pages if necessary. This is not a requirement for subcontractor's providing supplies only and no labor to the overall contract or project.

Additionally, the Contractor shall collect and retain evidence of subcontractors' workers' compensation insurance, such as the ACORD insurance coverage summary sheet. Agency of Transportation will periodically verify the Contractors' compliance.
