

FOR PUBLIC DISTRIBUTION:

## SFY2023 Vermont Better Roads Grant Program

October 28, 2021

The Vermont Agency of Transportation is pleased to announce the 25th year of funding to support projects on municipal roads that improve water quality and result in maintenance cost savings. The grant funds are provided by the VT Agency of Transportation with partnership through the Vermont Agency of Natural Resources. The Vermont Better Roads Program promotes the use of erosion control and maintenance techniques that save money while protecting and enhancing water quality around the State.

Please note that the application scoring of the Better Roads Program is intended to be in line with the State's Clean Water Act (Act 64), as well as the Municipal Roads General Permit (MRGP). In an effort to prioritize funding for projects that are providing significant water quality improvements, applicants must indicate whether or not the projects that they intend to construct will be in full compliance with the MRGP. Please see application and scoring sheet for more information. If you have questions, please feel free to contact Better Roads staff.

**Please note: No Funding or awards will be issued until appropriated by legislative action, if available, this is expected to be July of 2022.**

Applications for funding will be accepted until December 17th, 2021.
