

Structures Engineering Instructions (SEI)

Distribution: Structures, Director PDD, Assistant Director PDD, PDD Section Managers, Chief of Contract Admin., Director Ops., Assistant Director Ops., Consultants

Approved: Wm. Michael Hedges **Date:** 4/5/010
Wm. Michael Hedges,
Structures Program Manager

Subject: **Distribution of 2010 Structures Design Manual**

Administrative Information:

Effective Date: This SEI shall be effective for the Structures Section from the date of approval.

Superseded SEI: None.

Exceptions: None.

Disposition of SEI Content: The technical information transmitted by this SEI will be in effect until it is superseded.

Purpose:

To adopt the 2010 Structures Design Manual for use on Structures Section Projects.

Technical Information:

The 2010 Structures Design Manual is written to be compatible with the AASHTO LRFD Bridge Specifications. This manual has undergone an extensive rewriting from the previous version. The Manual will not be published in paper format but will be available for download from the VTrans Website.

Implementation:

The 2010 Structures Design Manual will be utilized for projects in the Structures section that have not yet progressed past the Pre - Final Plan stage.

Transmitted Materials:

No supplemental materials are transmitted with this SEI.
