DMV White River Junction Satellite Office to Re-open

Montpelier, Vt. – The Vermont Department of Motor Vehicles (DMV) announced today that it will re-open its White River Junction satellite office on January 5, 2022, at its new location in the Agency of Transportation District Maintenance building at 221 Beswick Drive.

“We’ve completed the renovation of this space and are now ready to re-open,” said Commissioner Wanda Minoli. “Our customers have made it clear that this location is needed to meet their needs.”

The satellite location will be open every Wednesday and every other Monday, the same schedule as before the pandemic. Customers will be able to schedule appointments in White River Junction online through the DMV website beginning December 22: <https://bit.ly/DMVAppointment>.
