

Construction Update Middlebury Bridge & Rail Project Week of Aug 20-24

Early Saturday morning, August 11, the contractor for the Middlebury Bridge & Rail Project installed a new layer of pavement on the VT30/Main Street bridge in downtown Middlebury.

Next week (August 20-24) work activity will occur outside the roadway. There may be brief, intermittent delays as construction vehicles enter and exit the work zone at Triangle Park.

For information on the project, view the project website,
<http://vtrans.vermont.gov/projects/middlebury>.

Best regards,

Jill
