

Hello,

On Saturday, August 11, the temporary bridge on Main St/VT 30 in downtown Middlebury will be CLOSED to traffic from 6 AM to 10 AM for re-paving. This summer's heat and heavy traffic degraded the road surface to the point a new layer of pavement is needed. Signs will be posted for a short detour route for motorists and cyclists to use to get around the work site.

Next week (August 13-17) work activity for the Middlebury Bridge & Rail Project will occur outside the roadway. There may be brief, intermittent delays as construction vehicles enter and exit the work zone at Triangle Park.

For information on the project view the project website,  
<http://vtrans.vermont.gov/projects/middlebury>.

Best regards,

Jill
